Featuring illustrated tutorials for drawing 75 different flowers, Ten-Step Drawing: Flowers breaks down each subject into 10 simple steps. All you need to get started is a pen or pencil and a piece of paper! With Ten-Step Drawing: Flowers, learn to create

an array of flowers and botanicals, step by easy step. From blooms and blossoms to floral bouquets, beginning artists will delight in the varied selection of subjects; as well as how easy it is to recreate them in ten simple drawing steps. Handy prompts help encourage artistic individuality and include helpful tips for drawing other sub-

jects not featured in the book. Approachable text and step-by-step drawings make learning to draw fun and easy, and the portable format allows for spontaneous drawing wherever you may be. Designed especially for aspiring illustrators, doodlers, and art hobbyists, the fun and approachable books in the Ten-Step Draw-

ing series encourage new artists to get acquainted with the basic principles of drawing so they can learn to create art with confidence. Ten-Step Drawing: Flowers is sure to encourage even the most reluctant artist to break out a sketchbook and doodle to their heart's content. So grab a pencil and start drawing! Also available in the Ten-Step Drawing series: Animals, Nature, and People.

This motivational illustration book is part of the new 20 Ways series from Quarry Books, designed to offer artists, designers, and doodlers a unique collection of fun and sophisticated exercises. Each spread features 20 illustrations of a single item, such as a tree, tulip, shell, owl, peacock feather, mushroom, cloud, or berry. Then you're provided with blank space for you to draw your take on "20 Ways to Draw a Tree."

After an introduction to the subject area and a concise treatment of the technical foundations for the subsequent chapters, this book features 14 chapters on state-of-the-art graph drawing software systems, ranging from general "tool boxes" to customized software for various applications. These chapters are written by leading ex-

perts: they follow a uniform scheme and can be read independently from each other. The text covers many industrial applications.

Just Add Color: Flora and Fauna includes 30 original designs to color with perforated pages to make it easy to share, frame and hang your artwork.

A sketchbook for artists, designers, and doodlers.

Heartwarming and profound, this account of one writer's relationship with his beloved German sheperd is a masterpiece of animal literature. The distinguished British man of letters J. R. Ackerley hardly thought of himself as a dog lover when, well into middleage, he came into possession of a German shepherd. To his surprise, she turned out to be the love of his life, the "ideal friend" he had been searching for in vain for years. My Dog Tulip is a bitersweet retrospective account of their sixteen-year companionship, as well as a profound and subtle meditation on the strangeness that lies at the heart of all relationships. In vivid and sometimes startling detail, Ackerley tells of Tulip's often erratic behavior and very canine tastes, and of

his own fumbling but determined efforts to ensure for her an existence of perfect happiness. My Dog Tulip has been adapted to screen as a major animated feature film with a cast that includes the voices of Christopher Plummer, Lynn Redgrave, and Isabella Rossellini. It has been heralded as "A stroke of genius" by New York Magazine and "The love story of the year" by Vanity Fair. My Dog Tulip was adapted into a major motion picture in 2010.

DIV This inspiring sketchbook is part of the new 20 Ways series from Quarry Books, designed to offer artists, designers, and doodlers a fun and sophisticated collection of illustration fun. Each spread features 20 inspiring illustrated examples of a single animal, such as a cat, giraffe, seal, elephant, or whale—with blank space for you to draw your take on "20 Ways to Draw a Cat." /div DIV This is not a step-by-step technique book—rather, the stylized animals are simplified, modernized, and reduced to the most basic elements, showing you how simple abstract shapes and forms meld to create the building blocks of any item that you want to draw. Each of the 20 interpretations provides a different, interesting approach to drawing a single item, providing

loads of inspiration for your own drawing. Presented in the author's uniquely creative style, this engaging and motivational practice book provides a new take on the world of sketching, doodling, and designing.

Drawing Fashion Accessories is a practical guide to illustrating footwear, millinery, bags and purses, cosmetic products and jewellery, offering a unique resource for students and professional fashion illustrators alike. Beginning with a discussion of the media available for drawing fashion accessories and how best to use them, together with a demonstration of various art styles, Miller then moves on to demonstrate the technicalities of drawing different products, including the specific challenges of perspective, how to draw accessories on the body, and how to render a wealth of different materials. In addition to the practice of drawing, a series of specially illustrated glossaries introduces readers to the technical and style terminology used throughout the accessories industry. Illustrated with specially created step-by-step sequences, Drawing Fashion Accessories provides students with the knowledge and freedom to develop their own work beyond

the basics and to bring style and flair to their illustrations.

Just Add Color on the Go: Botanicals, Folk Art, and Geometrics includes 90 original designs on perforated pages to make it easy to share and color on the go.

ative style, this engaging and motivational practice book provides a new take on the world of sketching, doodling, and designing. Get out your favorite drawing tool, and remember, there are not just 20 Ways to Draw a Tree!

The Times Best Gardening Books of the Year 2021 'The Flower Yard is simply gorgeous. Inspirational, sumptuous and packed with refreshingly down-to-earth advice. I love this book.' Nigel Slater 'The Kew-trained king of the small-space garden.' Guardian Arthur Parkinson's town garden is like a path of pots, a tiny, exposed stage on bricks. Despite its small size, a flower-filled jungle in Venetian tones is grown here each year, in defiance of urbanisation. The plants act like drapes, closing gently as their growth engulfs the front door, from either side of the path, to the buzz of precious bees. This is gardening done entirely in pots, yet on a grand scale that will inspire anyone who wants their doorstep or patio to be a glamorous and lively canvas that nurtures them visually and mentally. From jewel scatterings of crocus, flocks of parrot tulips and scented sweet peas to galaxies of single dahlias, towering giraffes of amaryllises grown in-

side for winter and endless vases of cut blooms through the seasons. With his bantam hens at his feet, Arthur shares his life, knowledge, flair and influences for planting creatively, all of which combine to create a space that's rich in ever-changing colour and life.

Learn to create detailed, realistic drawings of people in graphite pencil from basic shapes. Successfully drawing people is one of the most challenging, yet rewarding, artistic experiences. *Drawing: People* shows you how to capture the unique characteristics of people in graphite pencil, with tips on choosing materials, building with basic shapes, placing proportionate features, and shading to develop form and realism. With more than 40 step-by-step projects to both re-create and admire, artist William F. Powell teaches artists how to develop a portrait drawing to its fullest. He explores basic drawing techniques as well as art concepts that apply to drawing people, including proportion, perspective, and composition. This book includes in-depth information on how to render facial features, heads from various angles, and the figure in action, step by step. With this helpful guide, you'll even discover specific

tips and tricks for drawing individual body parts, such as eyes, ears, noses, lips, hands, and feet. And the wealth of beautiful, inspiring examples ensure that *Drawing: People* will be a welcome addition to any artist's drawing reference library. Drawing people can be tricky, but with this step-by-step guide, you'll be rendering realistic portraits in no time. Designed for beginners, the *How to Draw & Paint* series offers an easy-to-follow guide that introduces artists to basic tools and materials and includes simple step-by-step lessons for a variety of projects suitable for the aspiring artist. *Drawing: People* allows artists to develop their drawing skills, demonstrating how to start with basic shapes and use pencil and shading techniques to create varied textures, values, and details for a realistic, completed drawing.

Learn to draw a variety of subjects in graphite pencil from basic shapes. In *Drawing: How to Draw 1*—which also features contributions by acclaimed artist William F. Powell—Walter Foster invites you into his artistic world and shows you how to draw a variety of subjects. Even if you've never drawn before, you'll be amazed at

how quickly and easily you can render just about anything you'd care to draw. With *Drawing: How to Draw 1*, you'll learn the principles of drawing, as well as all the materials and tools you'll need to get started. You'll begin by drawing simple, familiar shapes and quickly learn to transform them into three-dimensional, lifelike forms using just a few easy techniques. And with simple step-by-step instructions, you'll learn to draw a variety of popular subjects, including fruits, flowers, animals, human portraits, and even cartoons. With the help of *Drawing: How to Draw 1*, anyone can learn to draw! Designed for beginners, the *How to Draw & Paint* series offers an easy-to-follow guide that introduces artists to basic tools and materials and includes simple step-by-step lessons for a variety of projects suitable for the aspiring artist. *Drawing: How to Draw 1* allows artists to develop their drawing skills, demonstrating how to start with basic shapes and use pencil and shading techniques to create varied textures, values, and details for a realistic, completed drawing.

'To have discovered the black tulip, to have seen it for a moment...then to lose it, to lose it forever!' Cornelius von Baerle, a

respectable tulip-grower, lives only to cultivate the elusive black tulip and win a magnificent prize for its creation. But after his powerful godfather is assassinated, the unwitting Cornelius becomes caught up in deadly political intrigue and is falsely accused of high treason by a bitter rival. Condemned to life imprisonment, his only comfort is Rosa, the jailer's beautiful daughter, and together they concoct a plan to grow the black tulip in secret. Dumas' last major historical novel is a tale of romantic love, jealousy and obsession, interweaving historical events surrounding the brutal murders of two Dutch statesman in 1672 with the phenomenon of tulipomania that gripped seventeenth-century Holland. Offers step-by-step instructions for drawing more than twenty varieties of flowers, including jack-in-the-pulpit, iris, and bird of paradise.

This learn to draw book will be a perfect introduction for your kids. Sometimes, learning a new skill can be frustrating at first - no one can draw perfectly straight away. This means that sometimes children can become disinterested or even upset. Not with this book! The informative, engaging and simple step by step instructions will al-

low children to enjoy learning how to draw at their own pace. In order to improve, they first need to develop an enthusiasm, which is exactly what this book is for. In no time at all, they will be reveling in their new talent! What's more, learning to draw is a stepping stone for a huge array of other skills. In no time at all your child's hand-to-eye co-ordination will advance, which is important for everything from writing to playing music. You should encourage your child to appreciate the magic of art as soon as possible - not just because it is an important talent but because it is an entertaining pastime. This should come first and foremost. If you want them to become a great artist, it is important that you allow them to take their time and learn from their own mistakes. Your child will only develop a passion for art once they start to enjoy it, which is exactly what this book will encourage!

This awesome sketchbook four volumes of the 20 Ways series and smashes them together into one, massive, how-to guide!

"How to Draw Women's Wear" is a hands-on, actionable guide to fashion drawing for busy fashion professionals who want to develop a highly productive drawing process; for fashion students who are in the process of developing their drawing style; and for clothing designers who want to make illustrations properly interpreted by

all team members. The book focuses on drawing by hand (pencil and black marker), demonstrating methods and techniques of illustrating clothing and structural elements of design. Created for visual learners; the book contains virtually no text, only captions. The book includes a collection of fashion drawing templates for main women's wear figure types allowing you to focus on apparel drawing to illustrate clothing the way it is actually designed. Avoid mistakes in clothing design illustration; the book includes a special section with dos and don'ts of garment drawing. The book combines features of a reference book, a visual guide, tutorial, and template book. Figure templates, garment templates, terminological references, step-by-step drawing demos, sketching examples illustrating a progression of an idea from a sketch to completed illustration: all are parts of the same book. Irina V. Ivanova is a fashion designer by trade, a classically trained visual artist, and an experienced educator. "How to Draw Women's Wear" is the latest book in the Fashion Croquis book series.

Nobody wants Tulip in their gang. She skives off school, cheeks the teachers and makes herself unpopular with her classmates by telling awful lies. None of this matters to Natalie who finds Tulip exciting. At first she doesn't care that other people are upset and unnerved by Tulip's bizarre games, but as the games become increasingly sinister and dangerous, Natalie realises that Tulip is going too far. Much too far. Racing, in fact, to the novel's shocking ending.

Childs will help you children with- * Communication skills. * Memory and recognition skills * Hand-Eye co-ordinations * Early art concept * Pride in drawing * Understanding of the world * Motivation and patience * Color vocabulary Don't let your child fall behind. This isn't necessarily about the quality of their current artwork, it is about their ability to communicate with you. Order this book and you will see how the simple process of improving your child's ability to draw flowers will translate into an improved ability to connect with the world.

Graceful, beautiful and subtle, flowers are among the most delightful of subjects for artists to draw. This fresh, accessible book is aimed at those who want to translate their love of the natural world into vivid, accurate illustrations. Drawing Flowers is packed with examples and exercises across the full floral range, from simple structures, such as tulips, to more complex configurations, such as sunflowers, and compositions involving groups of flowers. Illustrated throughout by award-winning botanical artist Jill Winch, the book offers clear, concise instruction in the techniques of flower drawing. It also gives ad-

vice on practical considerations such as how best to position flowers for drawing, how to prevent them wilting and how to use a microscope to understand their structure.

Each year, thousands of communities across the United States celebrate their ethnic heritages, values, and identities through the medium of festivals. Drawing together elements of ethnic pride, nostalgia, religious values, economic motives, cultural memory, and a spirit of celebration, these festivals are performances that promote and preserve a community's unique identity and heritage, while at the same time attempting to place the ethnic community within the larger American experience. Although these aims are pervasive across ethnic heritage celebrations, two festivals that appear similar may nevertheless serve radically different social and political aims. Accordingly, *The Dutch American Identity* examines five Dutch American festivals—three of which are among the oldest ethnic heritage festivals in the United States—in order to determine what such festivals mean and do for the staging communities. Although Dutch

Americans were historically among the first ethnic groups to stage ethnic heritage festivals designed to attract outside audiences, and despite the fact that several Dutch American festivals have met with sustained success, little scholarship has focused on this ethnic group's festivals. Moreover, studies that have considered festivals staged by communities of European descent have typically focused on a single festival. The Dutch American Identity thus, on the one hand, seeks to call attention to the historical development and current sociocultural significance of Dutch American heritage festivals. On the other hand, this study aims to elucidate the ties that bind the five communities that stage these festivals together rather than studying one festival in isolation from the others. Creatively combining several methodologies, The Dutch American Identity describes and analyzes how the social, political, and ethical values of the five communities are expressed (performed, acted out, represented, costumed, and displayed) in their respective festivals. Rather than relying on familiar, even stereotypical, notions of "the Midwest," "rural America," "conservative America," etc., that of-

ten appear in contemporary political discourse, Schoone-Jongen shows just how complex and contradictory these festivals are in the ways they represent each community. At the same time, by placing these festivals within the context of American history, Schoone-Jongen also demonstrates how and why each festival is a microcosm of particular cultural, social, and political developments in modern America. The Dutch American Identity is an important book for sociology, performance studies, folklore, immigration history, anthropology, and cultural history collections.

How to Draw Book for Kids is step by drawing book, each drawing is done in 9 steps and is very easy to follow. Fifty cute drawings are included in this book.
