1JUZ8U - GREGORY GIDEON

The bestselling first historical love story set in Venice, from Marina Fiorato. For fans of Philippa Gregory, Sarah Dunant and Alison Weir. 1681. Glassblowing is the lifeblood of the Republic and Venetian mirrors are more precious than gold. Jealously guarded by the murderous Council of Ten, the glassblowers of Murano are virtually imprisoned on their island in the lagoon. But the greatest artist of their number, Corradino Manin, sells his methods and his soul to the Sun King, Louis XIV of France, to protect his secret daughter . . . Centuries later his descendant, Nora Manin, escapes an unhappy life in London, determined to apprentice as a glassblower in the city of her ancestors. Passionate and gifted, her famous family name places her in danger within the ancient foundries when timeles rivalries rise to the surface. As she finds new life and love in Venice, Nora's fate becomes inextricably linked with that of Corradino as the treacherous secrets of his life come to light.

No other book on the market houses as

much information for a bargain price. Once again over 50,000 listings from reliable sources are included and carefully checked by an authority on the subject. More than 400 expert advisors make sure only the best and most accurate data remains. Hundreds of sharp photographs accompany the 500+ categories: glass and porcelain, match holders, purses, cookie jars, jewelry, advertising, furniture, dolls, records and more. History and other pertinent facts complement the descriptive listings, which reflect the current market and developing trends. The author of the New York Times Best-seller *THE \$100 STARTUP*, shows how to launch a profitable side hustle in just 27 days. To some, the idea of quitting their day job to start a business is exhilarating. For others, it's terrifying. After all, a job that produces a steady paycheck can be difficult to give up. But in a time when businesses have so little loyalty to employees that the very notion of "job security" has become a punchline, wouldn't it be great to have an additional source of income to fall back on? And wouldn't it be great to make that happen without

leaving your day job? Enter the Side Hustle. Based on detailed information from hundreds of case studies, Chris Guillebeau provides a step-by-step guide that anyone can use to create and launch a profitable project in less than a month. Designed for the busy and impatient, this plan will have you generating income immediately, without the risk of throwing yourself head first into the world of entrepreneurship. Whether you just want to make some extra money, or start something that may end up replacing your day job entirely, the side hustle is the new job security. When you generate income from multiple sources, it gives you options, and in today's world, options aren't just nice to have: they're essential. You don't need entrepreneurial experience to launch a profitable side hustle. You don't need a business degree, know how to code, or be an expert marketer. And you certainly don't need employees or investors. With this book as your guide, anyone can learn to build a fast track to freedom.

Based on the real-life scheme to take down one of history's greatest monsters, this heart-pounding trilogy puts two courageous kids at the center of the plot to kill Adolf Hitler. Berlin, November 1943. With bombing raids commencing, the city is blanketed by explosions. Siblings Gerta and Max Hoffmann live a surprisingly carefree childhood amid the raids. Berlin is a city going about its business, even as it's attacked almost nightly. But one night, the air raid sirens wail, and the Hoffmanns' neighborhood is hit. A mortally wounded man comes to their door, begging to be let in. He asks for Karl Hoffmann, their father. Gerta and Max watch as Karl tries in vain to save the man's life. Before he dies, the stranger gives their father a blood-

splattered packet of documents, along with a message: "For the sake of humanity, the Führer must die. Finish it, Karl!" Based on real events, this is the story of two children swept up in a fight for the soul of Germany -- and the world.

Explore the world of the hit game through the eyes of the lovable robot, Pathfinder, as he chronicles his journey throughout the various environs of the Outlands to interview his fellow Legends -- all in the hope of finally locating his mysterious creator. The rich history of Apex Legends is explained by the characters that helped to shape it, as are their unique bonds of competition and camaraderie.

In one of the most illuminating portraits of police work ever, Chief Charles Campisi describes the inner workings of the world's largest police force and his unprecedented career putting bad cops behind bars. "Compelling, educational, memorable...this superb memoir can be read for its sheer entertainment or as a primer on police work—or both" (Kirkus Reviews, starred review). From 1996 to 2014 Charles Campisi headed NYPD's Internal Affairs Bureau, working under four police commissioners and gaining a reputation as hard-nosed and incorruptible. During Campisi's IAB tenure, the number of New Yorkers shot, wounded, or killed by cops every year declined by ninety percent, and the number of cops failing integrity tests shrank to an equally startling low. But to achieve those exemplary results, Campisi had to triple IAB's staff, hire the very best detectives, and put the word out that corruption wouldn't be tolerated. Blue on Blue provides "a rare glimpse inside one of the most secretive branches of policing...and a compelling, behind-the-scenes account of what it takes to investigate police officers who cross the line between guardians of the public to criminals. It's a mesmerizing exposé on the harsh realities and complexities of being a cop on the mean streets of New York City and

the challenges of enforcing the law while at the same time obeying it" (The New York Journal of Books). Campisi allows us to listen in on wiretaps and feel the adrenaline rush of drawing in the net. It also reveals new threats to the force, such as the possibility of infiltration by terrorists. "A lively memoir [told with] verve, intriguing detail, and a generous heart" (The Wall Street Journal) and "an expose of the NYPD's Internal Affairs Bureau [that is] enlightening and entertaining" (The New York Times Book Review), Blue on Blue will forever change the way you view police work.

The great thing about drifting, thinks Kekoa, is that it's more about skill than expensive parts. That's good for him. Since his mom left him on the island with his grandma, his Nissan Skyline 350 is all he has to his name. Life is the opposite for Billy Cain, who can buy his way into

or out of anything. But when Billy's antics threaten the few things Kekoa cares about, they'll put it to the test: does skill or money win out when it comes to wheels, winding mountain roads, honor, and love? Includes real tech specs and tuning details for the Nissan Skyline 350! Hybrid drives and the operation of hybrid vehicles are characteristic of contemporary automotive technology. Together with the electronic driver assistant systems, hybrid technology is of the greatest importance and both cannot be ignored by today's car drivers. This technical reference book provides the reader with a firsthand comprehensive description of significant components of automotive technology. All texts are complemented by numerous detailed illustrations.

Indexes the Times and its supplements.

This book discusses the recent advances in combustion strategies and engine technologies, with specific reference to the automotive sector. Chapters discuss the advanced combustion technologies, such as gasoline direct ignition (GDI), spark assisted compression ignition (SA-CI), gasoline compression ignition (GCI), etc., which are the future of the automotive sector. Emphasis is given to technologies which have the potential for utilization of alternative fuels as well as emission reduction. One special section includes a few chapters for methanol utilization in two-wheelers and four wheelers. The book will serve as a valuable resource for academic researchers and professional automotive engineers alike.
