Have you ever closed your Bible and thought, What did I just read? Or maybe you have tried to read through the Bible in a year, but quit when it felt confusing or impersonal. The Bible Recap is here to help. Tara-Leigh Cobble, host of the popular Bible Recap podcast, walks readers through a one-year chronological Bible reading plan and explains each day's passage in an easy-to-understand way. Emphasizing how God's character can be seen throughout Scripture, the recaps are simple and short yet deep enough to help you understand the hard parts and press into knowing God better. As Cobble says, The primary role of Scripture is to show me who God is, and if I behold God, my life will naturally conform around what I learn about him. The Bible Recap will not only help you understand the entire narrative of the Bible, it will fortify your faith.

Promoting a Safer Church presents the Church of England's policy statement for safeguarding children, young people and vulnerable adults, which applies to all Church bodies and Church officers.

It sets out the five foundations on which the policy is based, the six policy commitments that need to underpin all safeguarding work within the Church, and the drive to improve safeguarding practice. All Church bodies should ensure that all Church officers have access to this policy statement and should make sure its contents are promoted, publicised and put into action.

The Bible was, by any measure, the most important book in early modern England. It preoccupied the scholarship of the era, and suffused the idioms of literature and speech. Political ideas rode on its interpretation and deployed its terms. It was intricately related to the project of natural philosophy. And it was central to daily life at all levels of society from parliamentarian to preacher, from the 'boy that driveth the plough', famously invoked by Tyndale, to women across the social scale. It circulated in texts ranging from elaborate folios to cheap catechisms; it was mediated in numerous forms, as pictures, songs, and embroideries, and as proverbs, commonplaces, and quotations. Bringing together leading scholars from a range of fields, *The Oxford Handbook of the Bible in Early Modern England, 1530-1700* explores how the scriptures served as a generative motor for ideas, and a resource for creative and political thought, as well as for domestic and devotional life. Sections tackle the knotty issues of translation, the rich range of early modern biblical scholarship, Bible dissemination and circulation, the changing political uses of the Bible, literary appropriations and responses, and the reception of the text across a range of contexts and media. Where existing scholarship focuses, typically, on Tyndale and the King James Bible of 1611, *The Oxford Handbook of the Bible in England, 1530-1700* goes further, tracing the vibrant and shifting landscape of biblical culture in the two centuries following the Reformation.

Found in *Common Worship: Times and Seasons*, *The Way of the Cross* is a series of scripture-based devotions for personal or group use in Lent and Holy Week. Similar in intent to the traditional Stations of the Cross, it focuses wholly on the biblical narrative of the passion, death and resurrection of Jesus. This seasonal companion provides the sequence of fifteen meditations appears in full, including opening and concluding prayers. Each is accompanied by three short reflections from different perspectives by three of today's very best spiritual writers: - Paula Gooder offers reflections on the scriptural narratives; - Stephen Cottrell considers the story from the perspective of personal discipleship; - Philip North explores the story's challenge to mission and witness.

A wide-ranging overview of the place of witchcraft and witch-hunting in the broader culture of early modern England. Based on a mass of new evidence extracted from a range of archives, both local and national, it seeks to relate the rise and decline of belief in witchcraft, alongside the legal prosecution of witches, to the wider political culture of the period. Building on the seminal work of scho-

lars such as Stuart Clark, Ian Bostridge, and Jonathan Barry, it demonstrates how learned discussion of witchcraft, as well as the trials of those suspected of the crime, were shaped by religious and political imperatives in that period.

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

Lesser Feasts and Fasts has not been updated since 2006. This new edition, adopted at the 79th General Convention (resolution A065), fills that need. Biographies and collects associated with those included within the volume have been updated; a deliberate effort has been made to more closely balance the men and women represented within its pages.

The first edition of Lesser Feasts and Fasts was authorized more than 40 years ago to meet a liturgical and pastoral need for the commemoration of various saints and occasions not included as major Holy Days on the calendar of the Book of Common Prayer. Subsequent editions have been updated regularly to include biographical and liturgical material for new commemorations authorized for permanent or trial observance by the General Convention of the Episcopal Church. This edition contains material approved for trial use by the 2006 General Convention. Among the names presented are Oscar Romero, Roman Catholic Bishop of El Salvador and martyr; James Theodore Holly, first African-American bishop in the Episcopal Church; and Vida Scudder, educator and reformer.

Using Coverdale's translation of the Psalms from the Book of Common Prayer, the very best of Anglican chant is married to texts that have been used to sing the transcendent glory of God for three thousand years. The Psalms are ruthlessly honest in their portrayal of conflicting human emotions, and many psalters have excised the verses that speak of vengeance, hatred and anger. Acknowledging that these emotions are also part of human experience, the Anglican Psalter retains this material, to be included or omitted as local preference or the occasion dictates. Includes work by renowned composers past and present including Elgar, Parry, Stanford, Stainer, Wesley, Malcolm Archer, David Willcocks, John Barnard, and many more.
