CJEU - The most important cases in the

field of direct Taxation A great number of cases pending before the Court of Justice of the European Union (CJEU) concern the fundamental freedoms and direct taxation. In particular, the number of infringement procedures brought before the CJEU by the European Commission has been increasing year on year. The CJEU is still in the driver's seat in the area of direct taxation. All judgements and pending cases, therefore, have to be carefully analyzed by academics as well as practitioners. This book discusses the most important cases in the field of direct taxation pending before or recently decided by the CJEU. Moreover, the national background of these cases is discussed and possible infringements of the fundamental freedoms and secondary EU law are analyzed. The analyses are presented by esteemed national and European tax law experts. By examining the preliminary questions, the arguments brought forward by the parties and existing CJEU case law, the authors provide insight into the possible reasoning of the Court. Moreover, this book goes to the heart of the national tax systems, exposing hidden obstacles to the fundamental freedoms.

A true icon of Italian lifestyle, the 500 was actually supposed to be a niche product, but in just few years, its elegance and affordability made it one of the best selling cars, with 4 Millions units manufactured

and sold in a 20 years lifespan. ▷ This volume recounts the story of this Italian symbol from the early models, through the iconic 1957 Nuova 500, up to the current version thanks to the many renderings and original designs included. ▷ The book gathers pictures to witness the relevance of the 500 and its many appearances in art, news, movies and every-day life.

Paris has always enjoyed a reputation as a city at the forefront of architecture and urban planning. Its faubourgs and its boulevards, its palaces and hotels, its towers and arches and its notorious glass Pyramid, are the public face of what is perhaps the most imposing city in the world. Over the decades, photographers and artists have amassed hundreds of images of the city and its buildings. Matthew Weinreb's extraordinary photography, however, provides a refreshingly different approach, throwing a new and startling light on even the most familiar sites. Through elaborate sequences, astonishing angles and intriguing details, this volume is a powerful celebration of the buildings and their features. Punctuated by anecdotal essays from centuries of Parisian architectural history, it creates a stunning visual essay.

Collection of the monthly climatological reports of the United States by state or region, with monthly and annual national summaries.
