For 30 years some of the most talented and bravest drivers have battled across the continents of the world to claim what is arguably motorsport's toughest prize: the World Rally Championship. Now a multi-million dollar, global technology battle and terrestrial television phenomenon played out over the frozen wastes of Finland, the dusty plains of Australia and the sun-kissed mountain roads of Corsica, the WRC has reached its 30th birthday. This book celebrates that important milestone and paints an exhaustively detailed picture of the people and personalities who have shaped this great sport. The Complete Book of the World Rally Champions provides a biographical account of the 65 men who have won at least one World Championship Rally since 1973. The biographies are compiled by the sport's leading writers and historians and complemented by stunning photography. The book includes a detailed and accurate statistical career record of each driver, plus highlights of all the significant cars.

In gewohnt hoher Qualität legt Dr. Bernd Wiersch den nunmehr dritten Band seiner erfolgreichen VW-Typenkunde-Reihe vor. Neben detaillierten Informationen zu allen zwischen 1994 und 2005 angebotenen Volkswagen-Pkw bietet er auch die dazu passenden Fotos. Diese stammen allesamt aus der Stiftung Auto-Museum Volkswagen und sind daher in ihrer Originalität nicht zu überbieten. Vom Kleinstwagen bis zur Oberklasselimosine: Bernd Wiersch beschreibt in seiner Volkswagen-Pkw-Typenkunde pointiert alle Modelle - von Lupo und Fox über Golf und Touran bis Corrado und Phaeton sowie sämtliche Sondermodelle. Dieses Buch bietet mit der Solidität aller Informationen und einer Vielzahl detaillierter Tabellen ein unverzichtbares Lesevergnügen für Volkswagen-Fans und solche, die es werden wollen. Die Typenkunde zeigt deutlich, wie sehr sich die Produktpalette von Volkswagen in den letzten Jahrzehnten ausgeweitet hat. Diese Tatsache ist zum einen dem Wunsch geschuldet, für möglichst jeden Autofahrer ein passendes Modell im Angebot zu haben, zum anderen den Gegebenheiten des Weltmarkts, der nach immer innovativeren, Ressourcen schonenderen Fahrzeugen verlangt. Wie fortschrittlich sich Volkswagen auch dem Thema Energieeffizienz widmet, zeigt beispielsweise der schon 1995 erschienene Golf CitySTROMer. Dieses erste vollwertige E-Mobil aus Serienproduktion steht wie der etwas später erschienene Lupo 3L TDI dafür, dass man sich in Wolfsburg den Herausforderungen einer individuell mobilen Zukunft stellt.

Ferdinand Porsche, widely revered as the inventor of the VW Beetle, stole the plans for the "people's car" from a Czech designer with Hitler's help. Packed with these and other tales of greed and treachery, Car Wars is a must-read lesson in industrial strategy and a fascinating, behind-the-scenes history of the world's best-known automobiles.
