REA's Reading Comprehension Builder For students studying for any test with reading comprehension questions. REA's Skill Builders help students prepare for the specific skills and subjects tested on an exam. They are designed to tutor students on every skill level, from high school to graduate or professional school. Keys are included to show students which chapters to study for specific tests. REA's Reading Comprehension Builder reviews all reading comprehension questions covered on standardized tests such as AP, ASVAB, CBEST, GED, GMAT, LSAT, PPST, PSAT, SAT. This book includes chapter reviews for basic reading comprehension, reading for content, reading for style, reading short passages, reading medium passages, reading long passages, and attacking critical reading questions. Each chapter includes a diag-

nostic test, drills, and a review of helpful test strategies. A chapter on vocabulary enhancement is also included for additional study and practice.

This book presents statistical concepts and techniques in simple, everyday language to help readers gain a better understanding of how they work and how to interpret them correctly. Each self-contained chapter features a description of the statistic including how it is used and the information it provides, how to calculate the formula, the strengths and weaknesses of each technique, the conditions needed for its use, and an example that uses and interprets the statistic. A glossary of terms and symbols is also included along with an Interactive CD with PowerPoint presentations and problems and solutions for each chapter. This brief paperback is an ideal supplement for statistics, research methods, or any course that uses statistics, or as a handy reference tool to refresh one's memory about key concepts. The actual research examples are from a variety of fields, including psychology and education.
