They say hate is a strong word, but Eileen Parker is certainly no stranger to it. Parker hates her first name, hates her apartment, hates her life. Which, sure, sounds a bit cynical, but after the life that she's led so far, you really can't blame her. With her sophomore year of college overshadowed by circumstances that she never expected, Parker just wants to keep her head down, pass her classes, and take care of the responsibilities that are threatening to destroy her. And then she meets Ash. Ashton Carter is working to fix the messes that he's made, but he's still struggling with dark memories of a night that changed his life. He's definitely not looking for someone to spend forever with, but when he meets Parker, his life changes once again. It doesn't bother him that Parker adamantly refuses to admit to the chemistry between them, or that she's determined to keep him at arms length. Ash is convinced that Parker is everything he never knew he needed, and he's not about to let her slip away. Fighting against overwhelming insecurities and secrets that feel too big to share, the two must make a choice. They can keep running from their pasts, or they can confront them and face their future together. ***This is the first book in a series of standalone novels. Due to adult language/situations and mild drug use, this book is recommended for readers 18+.

For the better part of this century the Conservatives have been the governing political party of Britain. During that period the country has fallen in stature by virtually every criterion of measurement which can be applied. Yet the primary objective of the Conservative Party, or so it claims and its supporters believe, is to advance and protect the interests of the British Nation-State. How are we to understand its catastrophic and repetitious failure, over practically the whole of this period, to achieve that objective?

Located a few miles north from the border of the United States and Mexico, the U.S. Coast Guard has maintained a continual presence in San Diego since 1935. It was in May of that year that a single air detachment, led by Cdr. Elmer F. Stone, began operating out of a commercial hangar at Lindbergh Field. From those humble beginnings, a base was constructed on 23 acres of tidelands adjacent to the airstrip and eventually formed into Sector San Diego. Through the years, their units and missions have evolved as new technology and changing world events dictated new missions for the Coast Guard. Today Coast Guard Sector San Diego stands as a model of interagency cooperation for the Department of Homeland Security as the Coast Guard works with other federal agencies to protect San Diego's maritime domain.

She must marry. But she'll do it her way. And she has a plan... Caroline Whitfield has it all figured out. Since all young ladies of the ton must marry, she plans to do just that. The only romances she's interested in are between the pages of her beloved books, so love is not a consideration. She needs a husband willing to let her live her own life, and who better than a man for whom a wife is an inconvenience packed off to the country? Which means only one type of man will do...She needs a rake, a man who will barely notice his own wife in favour of his own pursuits. It's the perfect plan. All she has to do is not fall in love... And most definitely not with the irritatingly handsome Baron Huntingford. He needs a wife. Preferably someone who is not Miss Whitfield... More at home on the battlefield than in a ballroom, Aaron, Baron Huntingford, is still getting used to his title and being a man of leisure rather than a soldier. A rake with a dangerous reputation he's used to any woman he wants falling at his feet, but Miss Whitfield is not like other debutantes. For one thing, she seems to actively dislike him. For another, she's his best friend's new sister-in-law, and therefore off limits. Never mind that he craves her touch and to find out if her lips taste as sweet as they look. But when he finds out about her scheme to bring a rake to the altar, all bets are off. If she wants a rake, she'll get one. Him. The secret parts. He became my ally. I lost the battle with myself and fell in love despite the risk. But the war isn't over for either of us. Not as long as my father is alive.
