>this is a guide that can be used to remove the ABS system on a 94-97 gen3 integra. it by no means includes every bit of information needed to remove the system, and i in no way take responsibility for anything becoming of the information in this guide. the ABS system is a safety device, and i would advise anyone to do thier research before deciding to remove it. I have a 2001 5 speed Integra LS as my daily driver and I have a totaled 1996 5 speed Integra GSR. I want to swap the GSR engine into my LS but I don't want to spend days rebuilding a wiring harness so my question is what're the differences in the wiring harnesses.

Ok I have a 97 ls integra and I did not use the gsr wiring harness I got a sub harness from Rywire. I got the knock and vtec wired right but am having trouble with the iab wiring. I have a red wire where I think my iab wire goes but what do I do with the red wire. The only code I'm throwing is p0113 intake air temp.
