In this Very Short Introduction, Vanessa Schwartz argues that modern France, as both a world stage and a global crossroads, is an essential actor in the development of contemporary culture. Indeed, French is the only language other than English spoken on five continents, and more people still visit France than anywhere else in the world.

The area to the north and south of the Pyrenees, in modern France and Spain, is occupied from about 30,000 years ago by palaeolithic hunter-gatherers who make good use of the many caves in the area. They leave astonishing signs of their presence, and of their sophistication, in the paintings with which they decorate the walls.
