sues relevant to the philosophy of music education (no longer than 1500 words); and book reviews, offering critical analysis of recent ...

This book contains a collection of essays by nineteen internationally recognized scholars in music education. The writers speak for those in the profession who believe that critical thinking, constructive debate, and dialogues are the lifeblood of music education.

The praxial philosophy espoused in *Music Matters: A Philosophy of Music Education* offers an integrated sociocultural, artistic, participatory, and ethics-based concept of the natures and values of musics, education, musicing and listening, community music, musical understanding, musical emotions, creativity, and more. Embodied-enactive concepts of action, perception, and personhood weave through the book's proposals.

Philosophy of Music Education.pdf | Music Education ...

Philosophy of Music Education. As an educator, my role is to provide a safe and welcoming environment for students to learn and grow. It is important for learning to take place in such an environment so that students are not only free to be themselves, but free to make mistakes. This way, mistakes happen in a safe, forgiving environment where students can learn from them before they have to learn those lessons in the real world.

A philosophy of music education refers to the value of music, the value of teaching music, and how to practically utilize those values in the music classroom. Bennet Reimer, a renowned music education philosopher, wrote the following, regarding the value of studying the philosophy of music

This article discusses the conditions of understanding philosophy as a way of life from a historical perspective, and elucidates the position of music education in premodern philosophy. It also notes the implications of the aesthetic theory of modernity for philosophy of music education.
