The World Is No Longer Flat Culo is an art, fashion, and pop-culture movement that defies all national, cultural, and linguistic boundaries. No matter if you were raised to call it derriere, tush, rear end, or booty, culo is the new epicenter of female sexuality, desire, and empowerment. Over the past decade, some of the world's most celebrated women have subtly shifted our long-held ideals of physical perfection toward a shape that is more authentic and bold. While culo has long been venerated in certain cultures, it is now becoming the object of worldwide mainstream admiration. This emerging global love affair with culo is as much about the blending of African, Latin, European, and Asian beauty as it is about celebrating the female form's

most coveted asset. Culo by Mazzucco pays tribute to this phenomenon through a singular artistic vision. In more than 200 photographs and artworks created on location around the world, a diverse group of women—some already legendary, some about to become so—embody the spirit of culo and the start of a new era of beauty. This volume showcases assessment in its myriad forms: classroom assessment, formal testing, program evaluation, curriculum renewal, and self-assessment of teaching and learning. The studies, set in Egypt, Hong Kong, Japan, New Zealand, and the United States, document and analyze assessment design and development, implementation, and review. This volume will interest teachers, testers, and language educators alike.

The definition of English language classroom is changing. When students have the opportunity to learn content and language at the same time, disciplinary boundaries overlap. Teachers are rethinking how they design courses, plan lessons, assess students, and collaborate with colleagues to support student learning and facilitate their own professional growth. In this volume, contributors describe practical exam-

ples of integrating language and content in classrooms in Italy, the Netherlands, Yemen, Turkey, Taiwan, Russia, the United States, and South Africa. Teachers help students achieve their goals--learning English for specific purposes such as advertising, fashion design, and philosophy; teaching adult learners by integrating English skills with health literacy, conflict resolution, and social justice; serving emerging bilingual students in learning grade-level academic material or valuable job skills. The book is divided into four sections that help readers navigate the sometimes chaotic intersection of language and content: Why Do Teachers Design Courses to Integrate Language and Content?; How Do Teachers Integrate Language and Content?; How Do Teachers Evaluate Language and Content Learning?; and How Do Teachers Collaborate to Integrate Language and Content?

A YALSA 2015 Best Fiction for Young Adults Pick In Kat Spears's hilarious and often poignant debut, high school senior Jesse Alderman, or "Sway," as he's known, could sell hell to a bishop. He also specializes in getting things people want---term papers, a date with the prom queen, fake IDs. He has few close friends and he never EVER lets emotions get in the way. For Jesse, life is simply a series of business transactions. But when Ken Foster, captain of the football team, leading candidate for homecoming king, and all-around jerk, hires Jesse to help him win the heart of the angelic Bridget Smalley, Jesse finds himself feeling all sorts of things. While following Bridget and learning the intimate details of her life, he falls helplessly in love for the very first time. He also finds himself in an accidental friendship with Bridget's belligerent and self-pitying younger

brother who has cerebral palsy. Suddenly, Jesse is visiting old folks at a nursing home in order to run into Bridget, and offering his time to help the less fortunate, all the while developing a bond with this young man who idolizes him. Could the tin man really have a heart after all? A Cyrano de Bergerac story with a modern twist, Sway is told from Jesse's point of view with unapologetic truth and biting humor, his observations about the world around him untempered by empathy or compassion---until Bridget's presence in his life forces him to confront his quiet devastation over a life-changing event a year earlier and maybe, just maybe, feel something again.

This volume of original stories is all for furry feline friends. A unique collection of fantastical cat tales.

In this epic conclusion to *The Girl King*, two sisters war for a crown that was never meant to be theirs - though only one can wear it. She also can't forget her promise to shapeshifter Nok, the boy she loves, to win justice for his now powerless people. Yet even with an army at her side, Lu must face a major obstacle: the current Empress, her younger sister, Min. Princess Min used to live in Lu's shadow. Now she wields an ancient magic, one she's deter-

mined to use to forge her own path for the Empire, even if that means making enemies in court. But first, she must learn to control her power - before it consumes her . . . and the entire realm. To stop the downward spiral of intensifying environmental violence that inevitably leads to social violence we, as humans, need to better understand what is at stake and to determine how to make changes at the root levels. Ecopedagogy is centered on understanding the struggles of and connections between human acts of environmental and social violence. Greg W. Misiasek argues that ecopedagogies grounded in critical, Freirean pedagogies construct learning that leads to human actions geared towards increased social and environmental justice and planetary sustainability. Throughout the book he discusses the need for teaching, reading, and researching through problematizing the causes of socio-environmental violence, including oppressive processes of globalization and constructs of “development”, “economics”, and “citizenship”, to name a few, that emerge from socio-historical oppressions (e.g., colonialization, racism, patriarchy, neoliberalism, xenophobia, epis-

temicide) and dominance over the rest of nature. Misiasek concludes with ecopedagogies' challenges within the current post-truth era and possibilities of reimagining UNESCO's Sustainable Development Goals (SDGs).

"It's rad what I do." -Mike Blabac Blabac Photo: The Art of Skateboarding Photography is a stunning chronicle of a youth movement as seen through the lens of Mike Blabac, a man who is as dedicated to his craft as he is to the skateboarding lifestyle that inspired it. For millions of people around the world, skateboarding is more than a mere hobby or a sport—it's a way of life that has shaped everything from fashion and music, to videogames and art. Blabac Photo proves that point with 300 awe-inspiring images that communicate the stories and exploits of some of the most creative athletes to ever step on a skateboard including Eric Koston, Stevie Williams, Colin McKay, Rob Dyrdek, and Danny Way. As skateboarding evolved over

time, from a hobby for kids on the Venice boardwalk into a global culture, skate legends were born, records were broken, titans of industry materialized—and Mike Blabac was there to document the history of the movement as it developed before his eyes.

Over two hundred and thirty years ago the Fallocaust happened, killing almost everything that lived and creating what is now known as the greywastes. A dead wasteland where cannibalism is a necessity, death your reality, and life before the radiation nothing but pictures in dog-eared magazines. Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust. He is a product of the savage world he was raised in and prides himself on being cold and cruel. Then someone new to his town catches his eye, someone different than everyone else. Without knowing why he starts to silently stalk him, unaware of where it will lead him.
