ZOB1JS - MAGDALENA COHEN

In the tradition of Anne of Green Gables, an unforgettable young girl uses her pluck and wit to deal with life's turmoils. It is the 1920s, and twelve-year-old Emily Pattersen lives in a logging community in northern Ontario -- a place where lumber is king and the forests make many men rich. She, of course, has more important things to concern herself with: run-ins with know-it-all Tilly at school, dealing with her frustrating brothers, and trying not to roll her eyes at her very serious mother's penchant for assigning Duties. A new set of worries comes to her when, against their parents' wishes, her hot-headed brother Joe sneaks off to work at a lumber camp. Emily is the only one who knows where he's gone. Scared and anxious, she gets the post every day to intercept Joe's letters, with word about his safety. Life has suddenly become complicated, as Emily struggles to remain an obedient daughter, while protecting her brother's secret. Debut novelist

Courtney Maika is as inspiring as the feisty young heroine she has created. She wrote A Forest of Gold while in grade twelve. A keen reader of the the Dear Canada series, she says: "...they really inspired me, so at one point, when I was sixteen, I thought 'Why wait? I think I'm capable of writing a book now.'" Readers will be glad she did.

While visiting her grandparents' farm, Sylvie Ann finds a fine large pumpkin for Halloween but it leads her a merry chase as it rolls faster and faster down the hill and into the barnyard.

When Annabelle of Anchony is kidnapped and taken to a remote island at the age of five, she is rescued and raised by a mysterious man named Peter. For thirteen years the island is her home, but when her kidnappers return, she is forced to leave her comfortable inhabitancy and journey back to a family she barely remembers.

In April 2008, the world watched in horror as the news of Josef Fritzl made worldwide headlines. But for one British woman the story was not the stuff of unimaginable nightmares. Alice Lawrence knew all too well the torture suffered at the hands of a father whose depravity knew no bounds. She too was kept prisoner and repeatedly made pregnant - and it was only after the

death of one of her babies that she finally found the courage to escape. Born in 1970, Alice grew up in the impoverished backstreets of an industrial Northern town with her parents and seven brothers and sisters. She was first raped by her father when she was 11. From the age of 15, she was made pregnant six times by him in an effort to secure additional state benefits. All but one of her pregnancies failed, but her daughter never made it through her first year. The death of her baby was the spur to Alice bringing her father and abuser to justice. Finally, Alice can tell her deeply moving story of recovery from abuse.

'We can all learn something from 52 Ways to Walk. I know I can.' Michael Ball, BBC Radio 2 _____ "Walking had become, once again, the great adventure of my life. But this time science could explain how and why" Walking strengthens our

bodies, calms our minds and lifts our spirits. But it does so much more than this. Our vision, hearing, respiration, sleep, cognition, memory, blood pressure, sense of smell and balance (to name a few) are all enhanced by how we walk. For instance: · Walking in cold weather burns extra fat and builds more muscle. · Walking alone strengthens our memories. · Walking in woodland helps us sleep. · And there's nothing more restorative than a romantic night hike. Our choice of location, time, direction, duration, walking companion and gait, as well as the weather we opt to walk in, can transform our daily stroll. Here, Annabel Streets shares the thrill of 52 different ways to walk, explaining the latest science behind each one, and providing practical tips for making the most of your daily steps. *52 Ways to Walk* is a revelatory and informative handbook for anyone stuck in a walking rut, curious about the lesser-known benefits of walking or merely in need of some on-foot novelty and adventure.

Beautifully designed and pocket-sized, *52 Ways to Walk* is a love letter to walking.

Named a Pick of the Month by Apple Books and a Best Book of Fall by Powell's and The Story Exchange "A gorgeous and revelatory blend of memoir, travelogue, and long-forgotten history."—Abbott Kahler Annabel Abbs's *Windswept: Walking the Paths of Trailblazing Women* is a beautifully written meditation on connecting with the outdoors through the simple act of walking. In captivating and elegant prose, Abbs follows in the footsteps of women who boldly reclaimed wild landscapes for themselves, including Georgia O'Keeffe in the empty plains of Texas and New Mexico, Nan Shepherd in the mountains of Scotland, Gwen John following the French River Garonne, Daphne du Maurier along the

River Rhône, and Simone de Beauvoir—who walked as much as twenty-five miles a day in a dress and espadrilles—through the mountains and forests of France. Part historical inquiry and part memoir, the stories of these writers and artists are laced together by moments in Abb's own life, beginning with her poet father who raised her in the Welsh countryside as an "experiment," according to the principles of Rousseau. Abbs explores a forgotten legacy of moving on foot and discovers how it has helped women throughout history to find their voices, to reimagine their lives, and to break free from convention. As Abbs traces the paths of exceptional women, she realizes that she, too, is walking away from her past and into a radically different future. *Windswept* crosses continents and centuries in a provocative and poignant account of the power of walking in nature.

'A bloody page-turner' Mail on Sunday They call him Felix. A lost soldier without a memory and now a brutal battle to win. For fans of Bernard Cornwell, Simon Scarrow, Ben Kane and Conn Iggulden, a spectacular debut where honour and duty, legions and tribes clash in bloody, heart-breaking glory . . . AD 9. Fifteen thousand battle-hardened Roman legionaries strike deep into dense forest. Awaiting them are deadly, hostile Germanic tribes. In a clearing they find twelve massacred and strung-up legionaries. Is this a threat, or a warning? There is just one bloodied, broken survivor. He has no idea who he is. Only that he is a soldier. And now he must fight. As the legions are mercilessly cut down, the nameless soldier joins a small band of survivors trapped in the forest. If they fight together they have a slim chance of staying alive. But whose side is the soldier on? And is it the right one? 'Gives

Rome's legionaries a contemporary voice - brutal, audacious and fast paced' Anthony Riches, author of Empire series 'Historical fiction written by a real war veteran who knows all there is to know about blood and bonding in battle. NATIONAL BESTSELLER • "Rutherford brings England's New Forest to life" (The Seattle Times) in this companion to the critically acclaimed *Sarum* From the time of the Norman Conquest to the present day, the New Forest, along England's southern coast, has remained an almost mythical place. It is here that Saxon and Norman kings rode forth with their hunting parties, and where William the Conqueror's son Rufus was mysteriously killed. The mighty oaks of the forest were used to build the ships for Admiral Nelson's navy, and the fishermen who lived in Christchurch and Lymington helped Sir Francis Drake fight off the Spanish Armada. The New Forest is the perfect backdrop for the families who people this epic story. The feuds, wars, loyalties, and passions of many hundreds of years reach their climax in a crime that shatters the decorous society of Bath in the days of Jane Austen, whose family lived on the edge of the Forest. Edward Rutherford is a master storyteller whose sense of place and character—both fictional and historical—is at its most vibrant in *The Forest*. "As entertaining as *Sarum* and Rutherford's other sweeping novel of British history, *London*."—The Boston Globe

The morning after shooting wraps and the crew leaves, Nora finds Leo on her porch with a half-empty bottle of tequila and a proposition. He'll pay a thousand dollars a day to stay for a week. Annabel Beam spent most of her childhood in and out of hospitals with a rare and incurable digestive disorder that prevented her from ever living a normal, healthy life. One sunny day when she was able to go outside and play with her sisters, she fell three stories headfirst inside an old, hollowed-out tree, a fall that may well have caused death or paralysis. Annabelle Forest was just seven years old when she was inducted into a twisted sex cult by her own mother. For the next few years she was brainwashed by the cult's leader, Colin Batley, who ran a harem of followers from his unassuming cul-de-sac in Kidwelly, Wales. Batley ruled the cult with an iron will, his twisted ideology based on Aleister Crowley's *Book of the Law*, which informed their day-to-day lives. From the age of 11, Annabelle was repeatedly raped by Batley, and threatened with going to hell if she angered 'the gods' by refusing Batley's sick demands. Annabelle's mother joined in the sessions and even filmed them. Annabelle lived a double life - a schoolgirl by day, a sex slave at night. It might have endured for years had she not fallen pregnant at 17 with Batley's baby. In February 2008 she gave birth to a daughter, Emily, who gave Annabelle a reason to live and hope. Now she knew she had to escape, especially after Batley forced her into prostitution when Emily was three months old. She contacted relatives through Facebook on a computer in the public library and found the courage to report Batley, her mother and the other cult members to the police. In 2011 her evidence helped convict 48-year-old Batley for life on 11 charges of rape and numerous other sexu-

al offences. Annabelle's mother was also jailed, along with two others in a case that came to be known as the 'cul-de-sac cult'. But Annabelle's story was far from over - she had to adjust to a new life away from the rules and rituals of the cult. Today she lives a happy and settled life with Emily and her partner but the nightmares of her damaged past will haunt her forever. Child of Courage refers to Annabelle herself but also her daughter, the child who gave her the chance to hope, the will to fight and the courage to live again.

In her acclaimed novels, Susan Vreeland has given us portraits of painting and life that are as dazzling as their artistic subjects. Now, in *The Forest Lover*, she traces the courageous life and career of Emily Carr, who—more than Georgia O'Keeffe or Frida Kahlo—blazed a path for modern women artists. Overcoming the confines of Victorian culture, Carr became a major force in modern art by capturing an untamed British Columbia and its indigenous peoples just before industrialization changed them forever. From illegal potlatches in tribal communities to artists' studios in pre-World War I Paris, Vreeland tells her story with gusto and suspense, giving us a glorious novel that will appeal to lovers of art, native cultures, and lush historical fiction.

A young woman's escalating obsession with a seemingly perfect man leads her down a dangerous path in this “delicious and marvelously controlled” (The New York Times Book Review) novel of suspense. “Bitingly modern and totally addictive, Lindsay

Cameron’s suspense debut is the freshest take on stalker fiction since *You*.”—Andrea Bartz, New York Times bestselling author of *We Were Never Here* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY SHE READS** Eyes aren’t the windows to the soul. Emails are. Cassie Woodson is adrift. After suffering an epic tumble down the corporate ladder, Cassie finds the only way she can pay her bills is to take a thankless temp job reviewing correspondence for a large-scale fraud suit. The daily drudgery amplifies all that her life is lacking—love, friends, stability—and leaves her with too much time on her hands, which she spends fixating on the mistakes that brought her to this point. While sorting through a relentless deluge of emails, something catches her eye: the tender (and totally private) exchanges between a partner at the firm, Forest Watts, and his enchanting wife, Annabelle. Cassie knows she shouldn’t read them. But it’s just one look. And once that door opens, she finds she can’t look away. Every day, twenty floors below Forest’s corner office, Cassie dissects their emails from her dingy workstation. A few clicks of her mouse and she can see every adoring word they write to each other. By peeking into their apparently perfect life, Cassie finds renewed purpose and happiness, reveling in their penchant for vintage wines, morning juice presses, and lavish dinner parties thrown in their stately Westchester home. There are no secrets from her. Or so she thinks. Her admiration quickly escalates into all-out mimicry, because she wants this life more than anything. Maybe if she plays make-believe long enough, it will become real for her. But when Cassie orchestrates a “chance” meeting with Forest in the real world and sees something that throws the state of his marriage into question, the fantasy she’s been carefully cultivating shatters. Sudden-

ly, she doesn’t simply admire Annabelle—she wants to take her place. And she’s armed with the tools to make that happen.

Anthony is so obsessed with Annabelle Blake that he would die for her. Except he’s already dead. He’s the ghost of the legendary Lonesome Boy but he’s not lonesome anymore because now he has Annabelle. He’s with her all the time. Stalking her. Waking her up in the middle of the night with his constant weeping and his ice cold wordless whispers. She needs help. Fast. Enter the mysterious new boy in town. Wyatt Silver is an amateur medium, but he doesn’t just see dead people. He becomes them. Anthony takes possession of Wyatt’s body and their terrifying adventure begins.

Having suffered a panic attack during a performance, violinist Meredith Stranraer flees to the small town of Paradise where her grandparents live. For some strange reason, they don’t want her around, and their rejection is more than unsettling. It’s downright alarming. Jeremiah Mantle is the local forest ranger. His assignment is to watch the girl in the red cloak from a distance—to protect her as well as the forest. Falling in love, however, is definitely not in his job description. But it becomes increasingly harder to deny their mutual attraction. But this Christmas, something wicked waits in the woods, and a dark past seems determined to rip them apart.
