The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. P2 is a very challenging paper which builds on the knowledge and skills acquired at earlier levels in the preparation and analysis of financial reports for single entities and groups. It takes these areas to a higher level, putting into context the role of the accountant as a professional steward and adviser, who is responsible to the stakeholders of an organisation. It has five main sections: 1. Regulatory and ethical framework and current issues 2. Reporting the financial performance of entities 3. Group financial statements 4. Specialised entities 5. Analysis of the financial performance of entities. The main new topics introduced at this level relate to group accounts, but other topics are tested with a different emphasis and in more depth than at the Fundamentals Level. We provide material for both International and UK streams. International is now the ACCA main stream. The study text has been reviewed by the examiner and takes account of his advice on approaching the paper. Ethics, which have an impact on all aspects of financial reporting, are introduced at an early stage in the text, as is corporate social responsibility, so that students do not neglect these topics when covering the numerical areas. Accounting standards come next, combining revision with extension into more advanced areas. After a brief revision of basic groups, the more advanced consolidation topics are covered. Current issues are covered throughout the text within the appropriate topics, and also summarised in a final chapter. The question bank contains practice at the case study-style question you will encounter in the real exam. New edition updated for examinations through to June 2015. This book is based on our "Test/Repeat/Succeed" philosophy and on our belief that the best way to learn ACCA syllabus content is through a very active self-test approach. Getting a question wrong, looking at the right answer and trying again and again is the most effective way of building knowledge - far better than just passively reading and trying to memorise material. Set of over 1,000 short form questions (Q&As) which condense and break down all elements of the P2 syllabus into interactive questions which can be completed very quickly and multiple times before the exam. The process of revisiting key areas will lead to better knowledge retention and a more active revision technique. This method is particularly valuable in a long syllabus such as P2 as it will reduce your revision time by eliminating the need to read and re-read unnecessary text in your Study Materials - instead we just go straight to the point through our questions. Using the Q&A will also eliminate the need to make notes. Questions are based on review of both the ACCA syllabus and past papers to ensure a focus on key areas. Includes mark breakdown of past papers over the 2008 to 2012 period to identify the key areas which the examiner likes to test. Covers both UK and International paper options with clear indication of UK-only questions. For samples and further explanation of our technique, see www.accasimplified.com.
