Module Level Rights For SAP Business One User Licenses. The SAP Business One user licenses are given on a named user licensing model. The user name of each user needs to have a license granted to it. A named user is one who has the authority to access the licensed SAP Business One. The customers of SAP Business One can buy various types of Licenses from SAP: Professional User, Limited CRM User etc.

An application interface may only require one user ID to access SAP and retrieve the data, this is not adequate for SAP licensing purposes. Generally speaking, if 1,000 external users use this data indirectly in an online (dialogue or prompt) manner, then 1,000 named-user licenses would be required to cover this indirect access to SAP.

SAP Learning Hub provides 24/7 access to online learning content, interactive SAP Learning Rooms, and live SAP training systems (optional) in a public or private cloud environment. Individuals, businesses, and universities can choose from thousands of training titles - including e-learning courses, SAP transaction simulations, handbooks, and more.

SAP Business One Professional licenses are "full" licenses, meaning they are able to access (pending security settings) every module and feature that comes with SAP Business One. Additionally, Professional licenses have access to the Software Development Kit (SDK) at no additional cost. As with all B1 licenses, Professional licenses can be purchased as perpetual or subscription licenses. The perpetual license is \$3,213 per named user with an additional maintenance fee due each year.
