## ZXT8TD - SAGE HALLIE

---

This timely analysis spotlights the concepts and possibilities of the Patient-Centered Medical Home for bringing mental health and other specialties into primary care. Overview chapters present the Patient-Centered Medical Home model, emphasizing how such systems are organized to solve widespread problems with accessibility, affordability, efficiency, and safety. Practitioner roles, boundaries, and opportunities plus applications are clarified, as well as staffing, financial, and technological challenges. And the section on applications describe care models for special populations, such as comprehensive services to the seriously

mentally ill and behavioral services to patients with chronic health conditions. Included in the coverage: Integrated care and specialty behavioral health care in the patient-centered medical home. Training the behavioral health workforce for the patient-centered medical home. The importance of stepped care protocols for the redesign of behavioral health care in patient-centered medical homes. Depression management in the medical home. Treating obesity in a primary care setting. Integrating behavioral health in the pediatric medical home. For health and clinical psychologists, primary care and family physicians, and public health professionals, Integrated Primary and Behavioral Care represents

the potential for an exciting new frontier in primary care reform.

1. Analysis and Interpretation of Financial Statements, 2. Ratio Analysis, 3. Fund Flow Analysis, 4. Cash Flow Statement, 5. Break-Even Point or Cost-Volume-Profit Analysis, 6. Business Budgeting, 7. Explicates the various accounting pronouncements of the Financial Accounting Standards Board on major financial accounting issues, and explores concomitant problems and their possible solutions.

Nature-Inspired Algorithms have been gaining much popularity in recent years due to the fact that many real-world optimisation problems have become increasingly large, complex and dynamic. The size and complexity of the problems nowadays require the development of methods and solutions whose efficiency is measured by their ability to find acceptable results within a reasonable amount of time, rather than an ability to guarantee the optimal solution. This volume 'Nature-Inspired Algorithms for Optimisation' is a collection of the latest state-of-the-art algorithms and important studies for tackling various kinds of optimisation problems. It comprises 18 chapters, including two introductory chapters which address the fundamental issues that have made optimisation problems difficult to solve and explain the rationale for seeking inspiration from nature. The contributions stand out through their novelty and clarity of the algorithmic descriptions and analyses, and lead the way to interesting and varied new applications.

Part : A - Accounting for Not-for-Profit Organisations and Partnership Firms 1. Accounting for Not-for-Profit Organisations, 2. Accounting for Partnership Firms—Fundamentals, 3. The salient features of the present edition are: All the Problems and Solutions have been thoroughly revised in the light of up-to-date amendments in Income tax Law and Rules for Assessment Year 2020-21. Almost all numerical questions given at the end of the chapters of the authors' other publications on Income-tax (viz., Income-tax Law and Accounts, Aaykar Vidhan evam Lekhe, Law and Practice of Income-tax) have been solved in this book and the number printed within brackets at the end of the questions in other publications is the problem number of this book. The selection and sequence of the questions are well planned and systematic so as to cover all ticklish points within a reasonable number of questions. Wherever needed, detailed explanatory notes have been given at the end of solutions. Candidates pre-

paring for C.A., Company Secretaries, Cost and Works Accountants, and Income-tax Departmental Examinations, will, particularly, find the book very useful. It will also be useful for candidates preparing for B.Com. and M.Com. Examinations of various Indian Universities.
