I spent the next 1.5 years getting through the first 3 exams (P, FM, and IFM). Failed IFM once, but passed in March before the whole COVID thing shut all Prometric sites down. I began applying for positions immediately after passing (sent out about 6 applications) and received 2 requests to interview.

Exam 1 Probability. The purpose of the syllabus for this examination is to develop knowledge of the fundamental probability tools for quantitatively assessing risk. The application of these tools to problems encountered in actuarial science is emphasized. A thorough command of the supporting calculus is assumed.
