Jeff Chaney Geotechnical Engineer/President at Advanced Geotechnical Solutions, Inc. Greater Los Angeles Area 500+ connections

Stories from Advanced Travel Nurses. Before travel nursing I was working in Dallas as a bone marrow transplant nurse for over 4 years. I love oncology and BMT but wanted to see new places. My very first assignment was in Florida and I had such a blast, I knew it made me happier to keep traveling.

Advanced Geotechnical Services Inc. was founded and incorporated in 1991 by Kenneth J. Palos. The company has offered Geotechnical & Geological Studies as well as soil testing and grading observations to a variety of clients in Southern California. At first, the company's client base was small, and it grew properly over the years through service expansion.

Advanced GeoServices provides environmental and geotechnical engineering, civil engineering and site design, land planning, surveying, landscape architecture, water/wastewater and municipal support services to private, public and institutional clients.

Advanced Geotechnical Solutions is a full service geotechnical engineering company specializing in state of the art exploration and engineering analyses to better understand soil and rock prior to construction. A more in depth understanding of these characteristics allows us to make accurate analyses and recommendations.
