Made for Paramedic Science students covering the main points of Paediatric Advanced Life Support based on the UK Resuscitation Council Guidelines (2015)

The Advanced Paediatric Life Support manual was born in the early 1990s. As with all new borns, it was difficult to tell how it would develop. However, its parents hoped that it would develop into a practical widely used entity. As a candidate on the first Manchester APLS course in 1992, the manual existed as a series of handouts from various paediatric specialists.
