Objective History Of English Literature (UGC-NET/SLET, TGT, & PGT) is a reference book that helps students prepare for competitive exams in English Literature like the National Eligibility Test (NET), State Level Eligibility Test (SLET), Trained Graduate Teacher (TGT), and Post Graduate Teacher (PGT). This book contains a series of multiple-choice questions (30 Practice SET) on different ages, literary genres, and socio-political and literary movements. A large number of the sections in this book focus on broad literary genres, the specific sub-genres under them, and then provide a list of the most well-known writers in that genre from various eras. That is a useful

exercise for a literature student, to have such diverse writers from different places and times compared and contrasted. More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater

clarity and consistency to the entries.
