How Foreign Loans and Capital Flight Bled a Continent. In Africa's Odious Debts, Boyce and Ndikumana reveal the shocking fact that, contrary to the popular perception of Africa being a drain on the financial resources of the West, the continent is actually a net creditor to the rest of the world.

Africa's Odious Debts | African Arguments

Debt service payments represent the third and final act in the tragedy of debt-fueled capital flight. In the first two acts - foreign borrowing in the name of the public, and diversion of part or all of the money into private assets abroad - there is no net loss of capital from Africa. What comes in simply goes back out again.
