For courses in Liberal Arts Mathematics. This text succeeds at what other texts only attempt: it demystifies mathematics. It presents the fundamentals of a variety of mathematical disciplines in a straightforward, easy-to-understand manner. The emphasis is on developing skills and confidence in mathematics for students with a wide range of abilities. The only prerequisite is a working knowledge of arithmetic. Extensive content revisions and the introduction of new material make this edition even more accessible than previous editions.

The phenomenon of relationships and bonds struck up between prisoners and outsiders - by one of the UK's leading women writers on criminal justice and with a Foreword by one of the UK's leading 'agony aunts'.

A beautiful world comes at a price... In a dystopian future filled with stunning clones, Mina Hart is Blemished. Her genes are worthless and that takes away her rights: her right to an education, her right to a normal life, and her right to have a child. Mina keeps a dangerous secret, but when she meets Angela on her first day at St Jude's School, she inadvertently reveals a hidden power. Their friendship is soon complicated when Mina is introduced to Angela's adopted brother Daniel. Mina finds herself drawn to his mysterious powers and impulsive nature. Then there is the gorgeous clone Sebastian who Mina is forbidden from even speaking to... The Blemished is a frightening take on a fractured future where the Genetic Enhancement Ministry have taken control of Britain. It will take you on a ride filled with adventure, romance, and rebellion. Book one in the popular YA dystopia series 'Blemished'. Also by the author: The Blemished series - YA dystopia The Mary Hades series - YA horror Keywords: dystopia, teen, romance, love triangle, adventure, science fiction, genetics, post apocalyptic, first love, action, rebel, female main character, supernatural powers, psychic powers, superhuman, friendship, young adult.

The weekly source of African American political and entertainment news.

A young Catholic man meets a beautiful Protestant nurse from Belfast and the two team up with a friend to train and race a greyhound.

Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

The first four Charlotte Anthony Mystery novels in one box set. The Charlotte Anthony novels are traditional, character-driven amateur detective mysteries where the past informs the present, and a small town in the American Midwest is connected to the larger world in often surprising ways. An Uncollected Death introduces Charlotte Anthony, a forty-something divorcée, single mother and magazine editor who suddenly finds herself an empty-nester, unemployed, and on the verge of bankruptcy. She gratefully takes the job of editing the journals of Olivia Bernadin, a long-lost nouveau roman author. Things rapidly deteriorate, however, when she finds Olivia left for dead the first day on the job--and herself a suspect in the crime. In An Unexamined Wife, plans for an idyllic holiday in Aspen are disrupted by the discovery of a dead professor in his lab full of suspicious-looking plants. Once again, Charlotte joins forces with Detective Barnes to solve a murder that is anything but straightforward. Potential motives and suspects are many and the prof's complicated love life only adds to the confusion. An Undisclosed Vocation begins with startling events: An explosion. A death. The destruction of a popular Elm Grove business. Charlotte Anthony, caught up in the ensuing chaos, wonders what the victim meant when he said he knew something "that could get us both killed." In An Uncharted Corpse, the strange appearance of a mummy at a conference sets off a chain of events with repercussions that go far beyond the staid world of academia. A suspicious death, a secret code, and a powerful sect combine to intimately connect the past to the present.

A Dangerous Destiny Some of the survivors are different, powerful. Their bloodlines have been brought together in this time and place to create safety for the remnants of all societies. Fated to lead and rebuild, these magnetic women and men are now the most valuable commodity in the apocalyptic wastelands. Nuclear war devastated the world just days before Christmas. All governments went underground, leaving their citizens to fend for themselves. The desperate normals who barely managed to stay alive must now make a choice. Do they join the strange, dangerous survivors in forming a more perfect union or do they kill every last one of them? One choice will save the world. The other will finish burying it under the nuclear ashes. Book One centers around the first group of chosen people who find each other amid the relics of America. Brought together by a man with many secrets, they struggle to adapt to an ever-changing new world while trying to build the first post-war safe haven for humanity. This is Safe Haven "We offer food, shelter, and protection to all survivors. Does anyone copy? ...hello? Is anyone alive out there?" The end of the world has given humanity a harsh, merciless existence, where nature tries hard to push us to the very brink of extinction. Everything is against us, between us. Untold miles of lawless, apocalyptic roads wait for our feet, and the future, cold and dark, offers little comfort. Without change, there can be no peace—only survivors. This file contains books 1-3 of the Life After War series: · The Survivors (Book 1) · Adrian's Eagles (Book 2) · Nuclear Ashes (Book 3)

First published in 1994. Routledge is an imprint of Taylor & Francis, an informa company.

At the centre of the Roman empire stood the emperor and the court surrounding him. The systematic investigation of this court in its own right, however, has been a relatively late development in the field of Roman history, and previous studies have focused on narrowly defined aspects or on particular periods of Roman history. This book makes a major contribution to understanding the history of the Roman imperial court. The first volume presents nineteen original essays covering all the major dimensions of the court from the age of Augustus to the threshold of Late Antiquity. The second

volume is a collection of the ancient sources that are central to studying that court. The collection includes: translations of literary sources, inscriptions, and papyri; plans and computer visualizations of archaeological remains; and photographs of archaeological sites and artworks depicting the emperor and his court.

An "analysis of deeper meaning behind the string of deaths of unarmed citizens like Michael Brown, Eric Garner, and Freddie Gray, providing ... [commentary] on the intersection of race and class in America today"--

This book takes stock of German gender equality in several policy fields after 16 years of governments led by Angela Merkel and her conservative Christian Democratic Party (CDU). While maintaining its status as an economic engine in Europe, Germany has historically been a laggard in adopting gender equality measures. The European Gender Equality Index, however, now ranks Germany relatively high and shows substantial progress since 2005. While this has gone mostly unnoticed, Germany has passed far-reaching legislation in major policy fields relevant for gender equality. Investigating the effects of Merkel's tenure on gender equality, the chapters in this volume assess policy output and outcomes with a focus on internal power dynamics in Germany, as well as international and European Union (EU)-level pressures in the policy domains of political representation, LGBTI rights, migration, the labor market, and care. It examines how policy measures introduced by conservative governments affect gender norms and gender culture, and if they ultimately lead to effective implementation and greater equality. The book argues that Merkel often led "from behind," indirectly facilitating claims-making instead of proactively pushing them. This nonetheless contributed to transformative change in Germany, by Merkel not blocking policy proposals and allowing civil society groups and rival parties to push many progressive gender policies. Leading from Behind: Gender Equality in Germany During the Merkel Era is a fascinating read for students, researchers, and academics interested in European politics, political leadership, gender equality and LGBTI politics. This book was originally published as a special issue of German Politics.

The history of the United Firefighters Union (UFU) in Queensland is an unusual and inspiring story. In an era of large amalgamated unions it remains a small union, servicing the special needs of firefighters and at a time when only 20 percent of Australian workers belong to a trade union the UFU still commands the loyalty of virtually all Queensland firefighters.While most Australian unions have been in existence since at least the early twentieth century the UFU was only registered in Queensland in 1976. Prior to this date, firefighters belonged to the Australian Workers Union. They only secured their own union after a bitter four-year dispute in Rockhampton that involved the dismissal and eventual reinstatement of that city's UFU firefighters.If the UFU is an unusual union then firefighters are also atypical unionists. Most of their working lives are spent carrying out routine training drills. But, at any moment, this routine can be interrupted by a 'call-out' where they can be exposed to mayhem and traumatic death. Fire fighting demands the highest levels of physical fitness, experience and courage. It also requires the capacity to behave, in all circumstances, as a team member rather than as an individual.While a sense of 'mateship' is common in most jobs the dangers inherent in fire fighting create special bonds. Such bonds have created a unique, tightly-knit workforce whose solidarity is reflected in their union.

Nobody knows George Best quite like his ex-wife Angie. The couple were the Victoria and David Beckham of their time and the much-publicised relationship was conducted in the full glare of the media spotlight. Being with George was an emotional roller-coaster ride during which Angie occasionally soared the heights but, much more often, endured soul-destroying lows. Life with George Best was always interesting.

Booklist Top of the List Reference Source The heir and successor to Eric Partridge's brilliant magnum opus, The Dictionary of Slang and Unconventional English, this two-volume New Partridge Dictionary of Slang and Unconventional English is the definitive record of post WWII slang. Containing over 60,000 entries, this new edition of the authoritative work on slang details the slang and unconventional English of the English-speaking world since 1945, and through the first decade of the new millennium, with the same thorough, intense, and lively scholarship that characterized Partridge's own work. Unique, exciting and, at times, hilariously shocking, key features include: unprecedented coverage of World English, with equal prominence given to American and British English slang, and entries included from Australia, New Zealand, Canada, India, South Africa, Ireland, and the Caribbean emphasis on post-World War II slang and unconventional English published sources given for each entry, often including an early or significant example of the term's use in print. hundreds of thousands of citations from popular literature, newspapers, magazines, movies, and songs illustrating usage of the headwords dating information for each headword in the tradition of Partridge, commentary on the term's origins and meaning New to this edition: A new preface noting slang trends of the last five years Over 1,000 new entries from the US, UK and Australia New terms from the language of social networking Many entries now revised to include new dating, new citations from written sources and new glosses The New Partridge Dictionary of Slang and Unconventional English is a spectacular resource infused with humour and learning – it's rude, it's delightful, and it's a prize for anyone with a love of language.

Raising Black Teen Boys in Turbulent Times "It is always heartening to see women step up to the writer's table. When the results are as adroit and affecting as Marita Golden's work, it is more than satisfying; it is a cause for celebration."—Toni Morrison, Nobel Laureate Two decades ago, Marita was the first Black writer to address the horrifying statistic that haunts all Black mothers: the leading cause of death among Black males under twenty-one is homicide. Today, police brutality rages on as millions call for the reformation of our broken law enforcement in the wake of the traumatic murders of Black teen boys like Trayvon Martin, Michael Brown and Daunte Wright. Read an intimate account of a mother's efforts to save her son. Writing her son's story against the backdrop of a society plagued by systemic racism, economic inequality, and mass incarceration, Golden offers a form of witness and testimony in a time of crisis for Black Americans. Learn how to grapple with the realities of Black America. Join Golden as she con-

fronts the root causes of violence inflicted upon Black teen boys and reassesses the legacy of her own generation's struggle for civil rights. Explore Black boys' difficult road to adulthood in the U.S. and learn why single Black mothers are often wrongly blamed for their sons' actions. Gain invaluable advice and knowledge from trustworthy sources. In *Saving Our Sons*, Golden documents her conversations with psychologists, writers, and young Black males themselves. This book is designed to help you: • Discuss and unpack generational trauma with loved ones • Gain deeper insight into the injustices Black children face in the U.S. • Recognize the importance of community for the success of Black teen boys If you liked *Decoding Boys*, *Mother & Son: Our Back & Forth Journal*, *The Boy Crisis* or *Boy Mom*, you'll love *Saving Our Sons*.

Through Angela's Eye is the untold, inside story of Operation Firewall." After a series of unfortunate changes in circumstances, my life took an unwelcomed turn. What started out as my personal battle against those terrorizing me by stealing my identity through my personal computer turned into the largest case of identity theft in United States history! Not only did the computer hackers cause me financial distress, but they threatened my life! Not only did I get mad, but now I was determined to get justice. Little did I realize that my journey would lead to the exposing of corruption within our own government up to the vice president and president of the US and continued right up to the UN! Once the first domino fell, a series of events began to unfold. Operation Firewall began in July 2003 as an investigation into access device fraud before expanding into an investigation of global credit card fraud and identity theft. This case led to the inception of many laws being placed on the books to prosecute those who were perpetuating the crimes. The removal of spyware, malware, and malicious web sites that were trafficking in stolen identities, spam, hacking and even pornography are some of the positive results. My account of "Operation Firewall" will make Watergate look like child's play. It has led to over 4,000 cases and well over 64,000 arrests as of December 2005. The ramifications of this case will go on for years to come. As a result of the investigation, over \$260 billion per year is being saved by taking these criminals off the streets. It was a war that was fought without weapons but used computers coupled with a woman's intuition and common sense! Here is the inside story of "Operation Firewall," case number SSC_2003R01260 as told by someone who is seeking Divine Justice.

The Olympic Games, revived in 1896, are the most well known international multisport gathering—but since 1896, hundreds of other competitions based on the Olympic Games model have been established whose histories have not been well documented. The *Encyclopedia of International Games* captures (in one alphabetical sequence) the histories of these games, many of them for the first time. The work includes major regional events such as the African, Asian, Arab, South Pacific, and Pan American Games; competitions such as the Indian Ocean Island Games, Arctic Winter Games, Island Games, and Games of the Small Countries of Europe; specific populations or professions such as the North American Indigenous Games, Maccabiah Games, World Military Games, World Police and Fire Games, and World Medical and Health Games; and Special Olympics, the Paralympics, games for the blind, and other regional games. Eight appendices, notes, bibliography, index.

Angela wouldn't usually be caught dead within two metres of Colin Cooper—and that was before a global pandemic broke out—but she's just been evicted and he's offered her his spare room for free. Except Colin's not exactly a knight in shining armour. He only helped her out because he needed a good deed to talk about on his radio show. Colin soon finds himself ranting about Angela while on the air, but luckily his listeners love hearing about her. It's a classic case of forced proximity and they want more! In order to please them (okay, mostly to please his boss), Colin must now turn his new situation into a serialised romance, something he has no idea how to do. He turns to Angela, a huge fan of romance novels, for help. Angela agrees to write for him, mostly because she feels indebted to Colin—and also because she's always wanted to write her own stories. But she's never tried putting pen to paper before. Can she and Colin create a believable romance in the middle of a lockdown?

Angela Cannings was charged with murder directly after she and her husband Terry lost their third infant in ten years. She was convicted because of a medical theory that came to be known as 'Meadow's Law', which stated that 'one sudden infant death is a tragedy, two is suspicious and three is murder until proved otherwise. Angela spent almost two years in prison and, at one point, found herself beside Rose West. A fellow inmate scarred her with hot coffee. Angela began to lose all hope, but a cellmate, Rose, helped her refocus on what was important - being reunited with her husband and their daughter Jade. In 2004 she was released unconditionally. Yet, together with the joy of her freedom, there came another ordeal for Angela and Terry - their struggle to rebuild a normal family life.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

From the visionary Angie Thomas comes a story about hip-hop, prejudice, and fighting for your dreams. Sixteen-year-old Bri wants to be one of the greatest rappers of all time. It's hard to get your come up, though, when you're labeled "trouble" at school and your fridge at home is empty after your mom loses her job. But Bri's success is all that stands between her family and homelessness, so she doesn't just want to make it - she has to. Even if it means becoming exactly what the public expects her to be.

During two decades of fighting in Afghanistan, U.S. service members confronted numerous challenges in their mission to secure the country from the threat of al-Qaeda and the Taliban and assist in rebuilding efforts. Because the wars in Iraq and Afghanistan occurred simultaneously, much of the American public conflated them or failed to notice the Afghanistan War; and most of the war's archival material remains classified and closed to civilian researchers. Drawing on interviews and letters home, this book relates the Afghanistan War through the experiences of American troops, with firsthand accounts of both combat and humanitarian operations, the environment, living conditions and interactions with the locals.

Author Rick Harrington, licensed psychologist and professor, presents a thorough investigation of the mind-body connection as it relates to managing stress in this first edition of *Stress, Health, & Well-Being: Thriving in the 21st Century*. With an empirically grounded approach, the text integrates classical study of stress and health with findings from the burgeoning field of positive psychology. The result is a balanced coverage of the current scientific understanding of stress, enriched by research data analysis and practical applications for productive management of this pervasive force in our modern lives. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Ready for an adventure on the high seas from USA Today Bestselling author Chris Keniston? This collection includes books 1-3 of the series: *Honeymoon For One*: To escape local gossip, jilted bride Michelle Bradford embarks on her honeymoon cruise —alone. Coaxed by a thrill seeking hunk she never expects to see again, she slowly sheds her good girl persona to have some well deserved fun. But unlike Vegas, what happens on the high seas doesn't always stay there. *Honeymoon For Three*: Pam is finalizing plans for her destination wedding aboard a cruise ship surrounded by friends and family. Gil is busy wrapping up last-minute details before he marries his boss's daughter at a high society affair. One problem... They're still married to each other. What happens when they have to meet again for a quickie divorce? *Honeymoon For Four*: On a mission to save her mother from an internet relationship gone too far, Angela Cannon secretly takes a last minute honeymoon cruise alone. What she needs now is a plan, and Devon Miller seems to be the perfect answer. Except, what's a girl to do when an unexpected connection takes complicated to a whole new level?

This volume examines contemporary reformulations of the 'Final Girl' in film, TV, literature and comic, expanding the discussion of the trope beyond the slasher subgenre. Focusing specifically on popular texts that emerged in the 21st century, the volume asks: What is the sociocultural context that facilitated the remarkable proliferation of the Final Girls? What kinds of stories are told in these narratives and can they help us make sense of feminism? What are the roles of literature and media in the reconsiderations of Carol J. Clover's term of thirty years ago and how does this term continue to inform our understanding of popular culture? The contributors to this collection take up these concerns from diverse perspectives and with different answers, notably spanning theories of genre, posthumanism, gender, sexuality and race, as well as audience reception and spectatorship.

The prequel to the New York Times bestselling novel, *WAIT FOR ME...* When Ryan Harrison met Annie Mathews, he didn't expect his life to be turned upside down. One smile from her, though, one touch of her silky lips, and every one of his priorities was realigned. For the past three years, Ryan has juggled his growing career in the pharmaceutical industry with Annie finishing school. He's even managed to pretend their love affair is light and casual so as not to spook her. But now, on the verge of her college graduation, Ryan's ready to step things up. Especially with the job offer he just received. The only problem is...Ryan has no idea if Annie feels the same. And if it turns out this has all just been a college fling and she doesn't want to go with him, he has no idea what he'll do next. They say every epic love story begins somewhere. Sometimes, no matter how hard you try to hold to that love, it crashes and burns... Books in the *Against All Odds Series*: *WAIT FOR YOU* - Book 1 *WAIT FOR ME* - Book 2 *HOLD ON TO ME* - Book 3 *MELT FOR ME* - Book 4

"With unprecedented access to its subject's personal records and informed by fresh, unvarnished anecdotes from family, friends, and colleagues, Edmund Gordon's biography provides the first full account of Angela Carter's amazing life and enduring work"--

Gretchen Krueger's poignant narrative explores how doctors, families, and the public interpreted the experience of childhood cancer from the 1930s through the 1970s. Pairing the transformation of childhood cancer from killer to curable disease with the personal experiences of young patients and their families, Krueger illuminates the twin realities of hope and suffering. In this social history, each decade follows a family whose experience touches on key themes: possible causes, means and timing of detection, the search for curative treatment, the merit of alternative treatments, the decisions to pursue or halt therapy, the side effects of treatment, death and dying—and cure. Recounting the complex and sometimes contentious interactions among the families of children with cancer, medical researchers, physicians, advocacy organizations, the media, and policy makers, Krueger reveals that personal odyssey and clinical challenge are the simultaneous realities of childhood cancer. This engaging study will be of interest to historians, medical practitioners and researchers, and people whose lives have been altered by cancer.

The author recounts his childhood in Depression-era Brooklyn as the child of Irish immigrants who decide to return to worse poverty in Ireland when his infant sister dies

Chicana Feminist Thought brings together the voices of Chicana poets, writers, and activists who reflect upon the Chicana Feminist Movement that began in the late 1960s. With energy and passion, this anthology of writings documents the personal and collective political struggles of Chicana feminists.

He was cursed, it seemed, with a fatal fascination. Women might be practically engaged to other men; they might be at the altar's hinges; but he could not stroll among them with his devilish gift without scattering ruin amid the troths. If he was not openly rude to them, they took it as direct encouragement; if he was civil, from him they viewed it as wooing; and when actually crowned with the deliberate kiss...-from *Angela's Business* Would he be seduced by the ultrafeminine wiles of old-fashioned Angela Flower? Or would writer and oh-so modern man Charles King Garrott come to recognize the charms of independent-minded schoolteacher Mary Wing? This 1915 novel, a bestseller in its day, wrings drama and ironic humor from the social upheaval of the early 20th century, as women began to assert the personhood and enjoy their autonomy... and men barely knew what to make of it. Author Henry Sydnor Harrison was a rarity in his time—a vocal male feminist—and this perceptive work is an excellent example of his fictional championing of a very real character: the New Woman of the new century. American author HENRY SYDNOR HARRISON (1880-1930) is best remembered for his novels *Queed* (1911) and *Captivating Mary Carstairs* (1914).

More trouble at school and at home — and the discovery of a missive from her late soldier sister — send Angie and a long-ago friend on an RV road trip across Ohio. Sophomore year has just begun, and Angie is miserable. Her girlfriend, KC, has moved away; her good friend, Jake, is keeping his distance; and the resident bully has ramped up an increasingly vicious and targeted campaign to humiliate her. An over-the-top statue dedication planned for her sister, who died in Iraq, is almost too much to bear, and it doesn't help that her mother has placed a symbolic empty urn on their mantel. At the ceremony, a soldier hands Angie a final letter from her sister, including a list of places she wanted the two of them to visit when she got home from the war. With her mother threatening to send Angie to a “treatment center” and the situation at school becoming violent, Angie enlists the help of her estranged childhood friend, Jamboree. Along with a few other outsiders, they pack into an RV and head across the state on the road trip Angie's sister did not live to take. It might be just what Angie needs to find a way to let her sister go, and find herself in the process.

First Published in 1997. Routledge is an imprint of Taylor & Francis, an informa company.
