Anger management programmes. A typical anger management programme may involve 1-to-1 counselling and working in a small group. A programme may be a 1-day or weekend course, or over a couple of months. The structure of the programme depends on who provides it, but most programmes include cognitive behavioural therapy (CBT), as well as counselling.

This course is made up of five classes which last 2 hours. Each class deals with a separate bit of anger, but as they all link together, it is important that you come to all five classes. However the first class aims to give a brief view of anger and offers emergency control strategies. By coming to the whole course you will get the whole picture.
