Campbell Biology: Concepts & Connections. continues to introduce pedagogical innovations,

which motivate students not only to learn, but also engage with biology. This bestselling textbook is designed to help students stay focused with its hallmark modular organization around central concepts and engages students in connections between concepts ...

A glucose molecule has a molecular formula of $C_6H_{12}O_6$. When two glucose molecules are linked together to make maltose, the resulting molecular formula is $C_{12}H_{22}O_{11}$. Briefly explain why the molecular formula of maltose is not $C_{12}H_{24}O_{12}$. To link the two glucose molecules together, a dehydration synthesis must occur.

Available to package with Campbell Biology: Concepts & Connections, 9th Edition, Mastering™ Biology is an online homework, tutorial, and assessment product designed to improve results by helping students quickly master concepts.
