Over many generations, women developed hyper-vigilance and attunement to the needs of those on whom we depended for survival. Add that to our maternal instincts and our antennas are al-

ways engaged, feeling for situations when we may be needed, often long before anyone even asks us for help.

Why it's so Hard for Strong Women to Ask for Help ...

But making women responsible for men's sexuality isn't just about excusing rape and sexual harassment. It's a cultural rule that enforces the idea that this is a man's world—women just live in it. When Stuyvesant says that women's dress and bodies are distraction in a learning environment, for example,...
