Nursing is a lifelong learning process. And although continuing education courses for nurses are not a substitute for advanced education, they can also affect

the quality of care and patient outcomes and are required by state nursing boards to ensure that quality is maintained.

At ATI, we want to be the first choice for all your nursing educational needs, especially during challenging times and periods of growth. That's why we created ATI Consulting Solutions — to offer nursing schools a broad range of relevant and timely consultation services carefully designed for nurse educators, by nurse educators.
