Model Guide - AudiWorld - Audi News and Discussion

Audis have lots of convenient features, and the navigation system is one of them. Over the years, Audi's navigation systems

have evolved from a simple GPS to an integrated multimedia or infotainment system. The system is simple to use and can help any driver find a way to get from here to there.

An overview of Audi MMI® The Audi MMI® (Multi Media Interface) system was created to streamline the controls for audio, vehicle settings, and available navigation under a common interface, thereby reducing the number of buttons for a cleaner interior appearance.

Audi Navigation Plus is an in-car media and navigation system developed by Audi. Unlike the Audi Multi Media Interface, it can not control climate, convenience, suspension or engine settings. Audi Navigation Plus units were available mostly as an optional equipment instead of standard stereo systems.
