FinTech (Financial technology) is the technology and innovation that aims to compete with traditional financial methods in the delivery of financial services. It is an emerging industry that uses technology to improve activities in finance. - Wikipedia Fintech means the application of technology to improve the offering and affordability. Global finance has been disrupted by the 4.7 trillion-dollar fintech space. Every FinTech Start-ups and enthusiast is required to know the land of law. This book will provide all the necessary materials to study FinTech Law in Indian Context. Fintech is composed up of financial breakthroughs like DeFi, ecommerce, peer-to-peer lending, and virtual currencies, as well as tech like AI, blockchain, IoT, and machine learning.

Afghanistan is one of the poorest countries in the world and, after decades of ongoing conflicts and strife, it is still at an early stage of developing its legal and institutional framework. Measures have been taken to fight crime, including financial crime. Smuggling and fraud are other major sources of illegal funds. In addition, terrorism and its financing remain a major concern. A framework has been established to allow for international mutual legal assistance but it falls short of the standard and is rarely used.

Sudan South Country Study Guide Volume 1 Strategic Information and Developments - Everything you need to know about the country - Geography, history, politics, economy, business, etc.

Praise for Running a Public Company: From IPO to SEC Reporting "Steve Bragg's book is an essential read for anyone contemplating a public offering or taking on leadership responsibility in a public company. Not only does he explain the complicated aspects of registration and reporting, he provides practical examples of policies, procedures, and controls to keep a public company on the right track. This book is easy to follow and will continue to be a resource for the reader."—Tom Wilkinson , PMB Helin Donovan, LLP "I will recommend Running a Public Company: From IPO to SEC Reporting to my clients and consulting colleagues as an excellent resource. The book provides helpful guidance about the decision to go public, and about managing the requirements once a company is public. Steve Bragg's extensive knowledge stems from actual business experience, and his writing style makes a complex topic easier to follow and understand."—Valerie G. Walling, CPA, CMC, Management and Internal Controls Consultant "I highly recommend Steve's new book, Running a Public Company: From IPO to SEC Reporting, because it's a reference manual and insider's guide that contains a treasure trove of valuable insights certain to help managers, accountants, and attorneys navigate through the countless challenges that arise when taking (and keeping) a company public."—Matthew Posta, Esq., CPA, Vice President of Finance, Key Air, LLC "Mr. Bragg has done an excellent job of demystifying what is required to run your company and sell your stock in the public markets. I consider this a must-read for anyone considering a public offering or working with a public company."—Wray Rives, CPA "Running a Public Company: From IPO to SEC Reporting is an incredibly exhaustive guide to going public, spanning the process from first deciding to take the leap to filing with the SEC and everything in between—so comprehensive that it even includes the SEC's account number for paying filing fees! This is yet another Steven Bragg title for professionals that takes a complicated and oftentimes confusing process and breaks it down into simple, easy-to-follow steps. Should our company ever decide to make that jump, it is reassuring to know that Running a Public Company has laid out the path before us in perfect detail. Whether used as a reference or a guide, Mr. Bragg makes the process simple, clear, and amazingly straightforward."—Adrienne Gonzalez, Project Coordinator, Roger CPA Review, Chief Information Officer, JrDeputyAccountant.com "The first A to Z guide that I have seen. An excellent reference for management and investors alike."—Brian A. Lebrecht, Esq., President, The Lebrecht Group, APLC

Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.

"Megan and [husband] Zeke did overcome the worst financial crisis they could have imagined so Megan decided to help the rest of the world by teaching all the ways to get in and out of homes along with other fantastic financial secrets no one in the financial world wants you to know about."--Jacket.

This book selects leading, innovative and influential Chinese maritime judgments and presents full translation of them, with brief summary, to the readers so that they can have insights of how the Chinese maritime judges interpret, apply and develop Chinese maritime law in practice. China trades with other states in trillions of USD every year, and about 95% of the cargoes are carried by ocean-going ships calling at hundreds of Chinese ports each single day. Due to the enormous and steadily growing trade volume and shipping activities, foreign ships, companies and persons are often caught by the Chinese maritime law and court. The parties involved and their lawyers are more than ever enthusiastic to study Chinese maritime cases in order to deal with their own cases properly or, if possible, predict the potential problems and avoid the disputes outright. The book is appealing to and benefits worldwide law students, academics, practitioners and industrial people in the shipping, trade, insurance and financial fields. The book remedies to certain extent the situation that there is lack of authoritative sources available to foreign personnel to look into how Chinese justice system functions.

Subject: Autobiography. Escape from Paradise is a contemporary and true woman's story set in Singapore, Brunei, Australia, England, and the United States. It involves Singapore's famous Tiger Balm family, and a wealthy and mysterious family from Brunei?and the link between them, a young Singaporean woman, May Chu Lee. From its first paragraph, the book draws the reader into the ambiance of a cosmopolitan Asia never touched upon by any other book ?

For nearly four hundred years the Changlu salt merchants played a leading role in the urbanization, commercial development, and social change of the city of Tianjin. As early as the fifteenth century, this small yet important group of citizens negotiated with the state as revenue-farmers, developing and defending their businesses and customs while evolving their own urban culture. In this the first detailed study in English of the mercantile activities and social role of Tianjin's salt merchants, Kwan Man Bun reveals how they helped stabilize the city and assumed many civic responsibilities, providing relief, charities, and other services to their fellow citizenry. Although these developments resemble the emergence of an idealized "public sphere" as in Europe, Kwan makes clear that Tianjin's social changes were not grounded on "rational discourse" but rather drew their strength and continuity from merchant networks based on exclusivity, wealth, education, and kinship.

TREASURY MANAGEMENT The Practitioner's Guide Treasury Management: The Practitioner's Guide describes all aspects of the treasury function. This comprehensive book includes chapters covering the treasury department, cash transfer methods, cash forecasting, cash concentration, working capital management, debt management, equity management, investment management, foreign exchange risk management, interest risk management, clearing and settlement systems, and treasury systems.
