Automated Manual Transmission File Type

An automatic transmission, also called auto, self-shifting transmission, n-speed automatic (where n represents its number of forward gear ratios), or AT, is a type of motor vehicle transmission that automatically changes the gear ratio as the vehicle moves, meaning that the driver does not have to shift the gears manually. Like other transmission systems on vehicles, it allows an internal ...

Automated Manual Transmission File Type

Automated manual transmission, also known as a clutchless manual, is a type of semi-automatic or automatic transmission that is closely based on the mechanical internals of a manual transmission. Semi-automatic versions control the clutch automatically — often using electro-mechanical, hydraulic, or pneumatic actuation — and still require the driver to initiate the gear change. Fully-

automatic versions can control both the clutch operation and the gear shifts, therefore requiring no ...
