Digital Femininities: The Gendered Construction of Cultural and Political Identities Online examines the role of new media technologies in the production of girls' cultural and political identities. The book argues that the varied and complex spaces which make up our 'social media' should be conceptualised as important terrains upon which neoliberal and postfeminist subjectivities can be both reproduced and subverted. In doing so, the book explores many key issues underpinning current debates around gender politics and digital media, including gendered spatial politics, visibility, surveillance and regulation, beauty politics, and civic and political engagement and activism. Over the last decade, the position of girls and young women within the digital landscape of social media has been a topic of much debate. On the one hand, girls' social media practices are presented as a key site of concern, wherein new digital technologies are said to have produced an intensification of individualised, neoliberal and postfeminist identities. Conversely, others have championed access to social media for young people as a potentially useful political tool, enabling previously marginalised political subjects (such as girls) to access and participate within new and exciting political cultures. Locating itself at the intersection of these two approaches, this book offers a fresh contribution to these debates. Based upon the findings from focus groups with girls and young women aged between 12 and 18 in England, the book offers an in-depth analysis of the digital cultures that emerged from the study. This timely book will be essential reading for anyone interested in contemporary femininity and feminism and the role of digital media in the production of cultural, political and gendered identities.

A smart, personal, darkly funny examination of what it's like to be a woman at the crossroads of a midlife crisis, from the New York Times bestselling author of *People I Want to Punch in the Throat* "I inhaled this book in one sitting; it's a must-read for anyone

over forty. This should become the gift all girlfriends give one another."—Zibby Owens, host of the award-winning podcast *Moms Don't Have Time to Read Books* Jen Mann had what appeared to be the perfect life: a successful career as a bestselling author and award-winning blogger, a devoted husband, teenage kids who weren't total jerks, and a badass minivan. So imagine her surprise when, at forty-seven years old, a midlife crisis kicked her straight in the ladybits. *Midlife Bites* offers Jen's trademark wit and honesty when it comes to important conversations and observations about women in midlife. Here, readers will be able to come together and find anecdotes and practical ideas to help navigate through this major point in their lives. For women who may feel isolated or overlooked, this collection of original essays offers valuable insights, takeaways, and, most important, a productive way forward. Jen shares her own story as well as advice and wisdom from the online community she built, tackling everything that bites about midlife, where nothing is off-limits: raging hormones; sex (after forty); finding your purpose; learning to make new friends (yes, even as a grown-up); moving out of your comfort zone; having conversations that count, no more small talk; and how to deal with rogue chin hairs (and other nuisances). Jen Mann is leading the movement to create a new space where middle-aged women can share openly and honestly with one another. This no-BS collection of essays will help start the conversation and keep it going, because as women, we all have a right to be happy, fulfilled, and whole, no matter what stage of life.

She met the man of her dreams and suddenly had it all. Then, in one fateful night, she lost everything, and the nightmare began Jennifer Robertson was working hard to build a life for herself from the ashes of her first marriage. Still only twenty-six, she swiped right on a dating app and met Gerry Cotten, a man she would not normally have considered—too young and not her type-

—but found she'd met her match. Eccentric but funny and kind, Cotten turned out to be a bitcoin wizard who quickly amassed substantial wealth through his company, Quadriga. The couple travelled the world, first class all the way, while Cotten worked on his multitude of encrypted laptops. Then, while the couple was on their honeymoon in India, opening an orphanage in their name, Gerry fell ill and died in a matter of hours. Jennifer was consumed by grief and guilt, but that was only the beginning. It turned out that Gerry owed \$250 million to Quadriga customers, and all the passwords to his encrypted virtual vaults, hidden on his many laptops, had died with him. Jennifer was left with more than one hundred thousand investors looking for their money, and questions, suspicions and accusations spiralling dangerously out of control. The Quadriga scandal touched off major investment and criminal investigations, not to mention Internet rumours circulating on dark message boards, including claims that Gerry had faked his own death and that his wife was the real mastermind behind a sophisticated sting operation. While Jennifer waited for a dead man's switch e-mail that would probably never come, it became clear that Cotten had gambled away about \$100 million of the funds entrusted to him for investment in his many schemes, leaving Robertson holding the bag. *Bitcoin Widow is Catch Me If You Can* meets a widow betrayed, a life of fairy-tale romance and private jets torched by duplicity, as Jennifer Robertson tries to reset her life in the wake of one of the biggest investment scandals of the digital age.

NEW YORK TIMES BESTSELLER "I want to be healthy and fit 52 weeks of the year, but that doesn't mean I have to be perfect every day. This philosophy is a year-round common-sense approach to health and fitness that involves doing your best most of the time—and by that I don't mean being naughty for three days and good for four. I mean doing your absolute best most of the time during every week, 52 weeks of the year."—Carrie Underwood
Carrie Underwood believes that fitness is a lifelong journey. She wasn't born with the toned arms and strong legs that fans know her for. Like all of us, she has to work hard every day to look the way that she does! In *FIND YOUR PATH* she shares her secrets with readers, with the ultimate goal of being the strongest version of themselves, and looking as good as they feel. Carrie's book will share secrets for fitting diet and exercise into a packed routine—she's not only a multi-Platinum singer, she's a businesswoman and busy mom with two young children. Based on her own active lifestyle, diet, and workouts, *FIND YOUR PATH* is packed with meal plans, recipes, weekly workout programs, and guidelines for keeping a weekly food and workout journal. It also introduces readers to Carrie's signature Fit52 workout, which involves a deck of cards and exercises that can be done at home—and it sets her fans on a path to sustainable health and fitness for life. Fit52 begins with embracing the "Pleasure Principle" in eating, making healthy swaps in your favorite recipes, and embracing a long view approach to health—so that a cheat a day won't derail you. Throughout the book, Carrie shares her personal journey towards optimal health, from her passion for sports as a kid, to the pressure to look perfect and fit the mold as she launched her career after winning *American Idol*, to eventually discovering the importance of balance and the meaning of true health. For Carrie, being fit isn't about crash diets or a workout routine that you're going to dread. It's about healthy choices and simple meals that you can put together from the ingredients in your local grocery store, and making the time, every day, to move, to love your body, and to be the best version of yourself.

You probably have enough on your to-do list, and adding hours of exercise and perfect dieting to it won't guarantee hot-body results. Frankly, if a diet and fitness routine feels too strict or time consuming, it usually backfires and won't work long term. The so-

Let's face it—women simply do not shed pounds or build muscle as easily as men do. Drawing on fascinating recent research that has shed new light on the gender differences in food metabolism and the effect of exercise, the editors of *Women's Health*, the healthy lifestyle magazine for today's active woman on the go, have devised a weight-loss plan that works especially well for women who would like to lose 5-25 pounds. Key features of the *Women's Health Perfect Body Plan* include: • Glucomannan, a soluble fiber that helps dieters feel full faster—and therefore eat less throughout the day • Meal plans that contain at least 40 grams of fiber per day • An adjustment for the impact of female hormones on weight loss (women need a higher protein diet than men to increase lean body tissue and decrease body fat) • Dieting techniques that revolve around psychological needs and personal goals and lifestyle • Two diet plans to choose from—one higher in fats and lower in carbs; the other higher in carbs and lower in fats (simple food tests help women choose the type they need) In addition to the customized eating plan—complete with 75 easy-to-prepare recipes—there is a vigorous customized fitness program consisting of 50 exercises that brings results in just three weeks.

Health and fitness expert Jen Widerstrom learned one important thing about weight-loss success through years of working with her clients and now contestants on NBC's *The Biggest Loser*: when it comes to dieting, one size will never fit all. In order for you to successfully lose weight, your diet plan needs to tap into your traits and tendencies as an individual. In *Diet Right for Your Personality Type*, Widerstrom introduces a revolutionary plan for maximizing weight loss and keeping the pounds off for good by adjusting your eating patterns, habits, and diet to best fit your personality. After all, understanding the ideal way to harness your personal strengths and navigate your roadblocks will help you effectively lose weight for the long term. Starting with a simple assessment, you'll identify your dominant personality type: the Everyday Hero (very giving and always puts others first), the Rebel (free-spirited and noncommittal), the Organized Doer (the type-A personality who craves routine and rules), the Swinger (the adventurous type who follows the trendiest fads), or the Never-Ever (believes if the pants don't fit, it's time to buy bigger pants). Once you've identified your personality type, you will be guided through a tailored four-week diet and fitness plan that works for you instead of against you. With meal plans, recipes, exercise routines, and more, losing weight and maintaining a lasting healthy lifestyle has never been this simple.

Packed with essential information, and inspirational before-and-after photos of her clients, *The Badass Body Diet* shows how to whip that butt into shape and provides essential information on how to: Select essential “booty foods”—the right proteins, fats, and carbs Experience a total body workout with an easy-to-follow, powerful exercise program Improve posture and functional mobility and enhance overall health Target cellulite through diet, workout strategies, and other proven tips And much more. Stop obsessing about a flat belly, Christmas advises. A Badass Body is a birthright, and it starts at the bottom—with a trim and tight tush.
