B9GSVH - JESUS MAXIMO

The informative and witty expose of the "bad science" we are all subjected to, called "one of the essential reads of the year" by New Scientist. We are obsessed with our health. And yet — from the media's "world-expert microbiologist" with a mail-order Ph.D. in his garden shed laboratory, and via multiple health scares and miracle cures — we are constantly bombarded with inaccurate ...

Have you ever wondered how one day the media can assert that alcohol is bad for us and the next unashamedly run a story touting the benefits of daily alcohol consumption? Or how a drug that is pulled off the market for causing heart attacks ever got approved in the first place? How can average readers, who aren't medical doctors or Ph.D.s in biochemistry, tell what they should be paying ...

Bad Science Quotes. ... , Bad Science: Quacks, Hacks, and Big Pharma Flacks. tags: health, humor, opinion, science. 17 likes. Like "You will do it because you know that knowledge is beautiful, and because if only a hundred people share your passion, that is enough." — Ben ...

In *Bad Science: Quacks, Hacks, and Big Pharma Flacks*, Ben Goldacre outs many of the most heinous sources of misleading health-related claims and provides scientific and statistical tools that readers can use to understand those claims and come to their own conclusions. The book is loaded with examples from schools, courtrooms, medical journals, newspapers, and doctor's offices, all illustrating how science can be twisted and used against us.

Bad Science: Quacks, Hacks, and Big Pharma Flacks by Ben ...

Bad Science has the power to change the world (for the better), if people would read it carefully and with an open mind. It rails against the anti-science winds sweeping our culture, and more importantly, empowers ordinary people of reasonable intelligence to think like scientists and protect themselves from so much unscientific claptrap ...
