Roughly one in ten adult Americans find their walking slowed by progressive chronic conditions like arthritis, back problems, heart and lung diseases, and diabetes. In this passionate and deeply informed book, Lisa I. Iezzoni describes the personal experiences of and societal responses to adults whose mobility makes it difficult for them to live as they wish—partly because of physical and emotional conditions and partly because of persisting societal and environmental barriers. Basing her conclusions on personal experience, a wealth of survey data, and extensive interviews with dozens of people from a wide social spectrum, Iezzoni explains who has mobility problems and why; how mobility difficulties affect people's physical comfort, attitudes, daily activities, and relationships with family and friends throughout their communities; strategies for improving mobility; and how the health care system addresses mobility difficulties, providing and financing services and assistive technologies. Iezzoni claims that, although strategies exist to improve mobility, many people do not know where to turn for advice. She addresses the need to inform policymakers about areas where changes will better accommodate people with difficulty walking. This straightforward and engaging narrative clearly demonstrates that improving people's ability to move freely and independently will enhance overall health and quality of life, not only for these persons, but also for society as a whole.

Save me from the Grave and Wise is an Irish folk song. Beethoven based his 7th symphony on the song's dread of dull scholarship and love of life, culminating in the exhilarating coda. This work has young Adeodatus, St. Augustine's bastard son, escaping his father's clutches. Augustine with Jerome and Ambrose are said to be the pillars of the Church. Their largely unreadable scholarship dominated European political thinking for over a millennium. Augustine wanted Adeodatus to follow in his footsteps. Adeodatus had other ideas and thought his father personified the scribes and pharisees Jesus condemned as hypocrites. Set in late fourth century Milan, western capital of the Roman Empire at its height. Augustine was spokesman for the emperor and the imperial court, role model for elegant mannerisms in dress and deportment as well as in speech. Save me from the Grave and Wise is a lively read as well as a play for acting.

Over half a million copies sold! From the author of the highly acclaimed heavy metal memoir, *Fargo Rock City*, comes another hilarious and discerning take on massively popular culture—set in Chuck Klosterman's den and your own—covering everything from the effect of John Cusack flicks to the crucial role of breakfast cereal to the awesome power of the Dixie Chicks. Countless writers and artists have spoken for a generation, but no one has done it quite like Chuck Klosterman. With an exhaustive knowledge of popular culture and an almost effortless ability to spin brilliant prose out of unlikely subject matter, Klosterman attacks the entire spectrum of postmodern America: reality TV, Internet porn, Pamela Anderson, literary Jesus freaks, and the real difference between apples and oranges (of which there is none). And don't even get him started on his love life and the whole Harry-Met-Sally situation. Whether deconstructing *Saved by the Bell* episodes or the artistic legacy of Billy Joel, the symbolic importance of *The Empire Strikes Back* or the Celtics/Lakers rivalry, Chuck will make you think, he'll make you laugh, and he'll drive you insane—usually all at once. *Sex, Drugs, and Cocoa Puffs* is ostensibly about art, entertainment, infotainment, sports, politics, and kittens, but—really—it's about us. All of us. As Klosterman realizes late at night, in the moment before he falls asleep, "In and of itself, nothing really matters. What matters is that nothing is ever 'in and of itself.'" Read to believe.
