The International Bestselling Fitness Book for Women Is this a workout book that can give you a lean and toned “Hollywood babe body” in 30 days flat? No. Is it a bodybuilding book full of dubious diet and exercise “hacks” and “shortcuts” for gaining lean muscle and melting belly fat faster than a sneeze in a cyclone? Absolutely not. But is it an exercise book (and nutrition book) that’ll show you exactly how to eat and exercise to lose up to 35 pounds of fat (or more) and gain eye-catching amounts of muscle definition and strength? Yes. And faster than you probably think possible, or your money back. Because here’s the deal: Muscle building and fat loss aren’t nearly as complicated as you’ve been led to believe. You don’t need to: Obsess over “clean eating” and avoiding “bad” or “unhealthy” foods like sugar, meat, and bread. Some foods are just more nutritious than and should be eaten more frequently than others. That’s it. You don’t need to: Constantly change up your fitness routine. A little of the right variability in your exercise is productive, but more than that is obstructive. You don’t need to: Spend a couple of hours in the gym every day grinding through punishing strength training workouts. Sweating buckets, getting really sore, training until bone-tired . . . all wholly overrated for gaining lean muscle and strength. You don’t need to: Slog away on the treadmill. In fact, you don’t need to do any cardio exercise at all to shed ugly belly, hip, and thigh fat and even build your best body ever. You don’t need to: Waste coin on sketchy fitness supplements like fat burners, amino acids, and greens powders. Most of these products either haven’t been scientifically proven to do what you’re paying for or have been proven outright ineffective. Those are just a few of the harmful lies and myths that keep gals from ever achieving the lean, toned, and strong body they truly desire. And Thinner Leaner Stronger will teach you something that most women will never know: How to transform your body while eating all of the foods you like and doing just a few challenging (but not grueling) resistance training workouts per week. Oh and cardio? Completely optional. Here are just a few of the things you’ll discover inside this fitness book for women: The 10 biggest fitness myths and mistakes that keep women weak, overweight, and confused. For example, “calories are all that matters,” “carbs and sugars make you fat and unhealthy,” and “strength training makes women bulky.” The primary driver of muscle growth that literally forces your muscles to get fitter and stronger. And no, it has nothing to do with “muscle confusion,” “functional training,” or any other pseudoscientific fitness nonsense. How to create meal plans for losing fat and building muscle with all of the foods you love so you never feel starved, deprived, or like you’re “on a diet” (and especially a “bodybuilding diet”). 12 months of done-for-you, paint-by-numbers strength training workouts for getting lean, sexy curves and muscle definition in all of the right places on your body . . . in only 3-to-5 hours of resistance training per week. A no-BS guide to fitness supplements that’ll save you hundreds if not thousands of dollars on useless (and sometimes even dangerous) pills, powders, and potions for fat loss, muscle gain, and the rest of it. And that’s not all, either . . . 367 peer-reviewed scientific studies support the Thinner Leaner Stronger system of eating, exercising, and recovering for losing fat and gaining lean muscle and strength. Thinner Leaner Stronger has sold over 400,000 copies in 13 different languages and is regularly revised based on the latest findings in nutrition and exercise scientific research (four editions released and counting!). It’s also backed by a “No Return Necessary” money-back guarantee that works like this: if you’re unsatisfied with this workout book for women or the program for any reason, let the author know, and you’ll get a full refund on the spot. So, imagine . . . just 12 weeks from now . . . looking at the changes in your physique and thinking, “I did that. That’s awesome. I’m awesome.” And believing it. The bottom line is you can get that beautiful “beach-ready” body without following a bland, boring, bodybuilding diet and without doing exhausting strength training workouts you hate. And this exercise book shows you how. Get your copy now, and start your journey to a fitter, leaner, and stronger you.

The Official Workout Journal for the Bigger Leaner Stronger Program Is this a bodybuilding book that can help you pack on brain-shrinking amounts of muscle in 30 days flat? No. Is it a fitness book full of dubious diet and exercise “hacks” and “shortcuts” for melting belly fat faster than a roided hornet? Absolutely not. But is it an exercise book that’ll show you exactly what to do in the gym to gain 25-to-35 pounds of lean muscle? Yes. And faster than you probably think possible, or your money back. The Year One Challenge for Men is a workout journal companion to the bestselling workout book for men, Bigger Leaner Stronger. This workout book contains a full year’s worth of Bigger Leaner Stronger workouts for building a full chest, wide back, powerful legs, and built arms . . . in only 3-to-5 hours of weight training per week. This workout journal also provides you with a comprehensive Bigger Leaner Stronger “cheatsheet” that lists and demonstrates all exercises in the program, and explains how to choose the right routine for you, how to progress in your workouts, how to make exercise substitutions, and more. It’s also backed by a “No Return Necessary” money-back guarantee, too, that works like this: if you’re unsatisfied with this workout journal or program for any reason, let the author know, and you’ll get a full refund on the spot. So, imagine . . . just 12 weeks from now . . . looking at the changes in your physique and thinking, “I did that. That’s awesome. I’m awesome.” And believing it. The bottom line is you can get that head-turning “Hollywood hunk” body without doing exhausting weightlifting workouts you hate. And this strength training program shows you how. Get your copy now, and start your journey to a bigger, leaner, and stronger you.

Imagine watching pounds of fat melt away without ever feeling like you're on a diet. Imagine adding lean muscle to all the right places by doing just a few workouts per week that make you strong. And imagine realizing that your health and fitness goals--even the ones you've all but given up on--are finally within your reach. Muscle for Life will show you how. From the bestselling fitness author of Bigger Leaner Stronger and The Shredded Chef, Muscle for Life reveals a science-based blueprint for eating and exercising that anyone can follow at any age and fitness level. Based on time-proven principles produced by decades of hands-on experience and thousands of hours of scientific research, Muscle for Life will give you a plan for transforming your body faster than you ever thought possible, including: -Conquering the "mental game" of fitness. Learn to hack your habits, willpower, and mindset so your fitness regimen feels like it's on autopilot. -Harnessing the science of "flexible dieting." A whole new paradigm for eating that empowers you to forever break free of fad dieting, crash dieting, and yo-yo dieting. -Unlocking the power of strength training. The "secret" to optimizing your body composition, which is far more important for your health and image than your body weight. Whether you're a beginner looking for a lifestyle change, a lifelong athlete looking to reach the next level, or somewhere in between, Muscle for Life will show you how to look, feel, and perform your best. And frankly, it may be the last fitness book you'll ever need to read.

If you're a naturally skinny guy who finds it nearly impossible to gain weight and build muscle, no matter how hard you train or how much you eat, then you'll want to read this book. Inside you'll find proven strategies that are guaranteed to put meat on your bones. These are the same techniques I used to go from a 107-pound pencil-necked weakling to a strong and jacked fitness authority. I'll show you how to do it all without steroids, without wasting a single penny on worthless supplements, and without spending hours in the gym. In This Book You'll Discover... -A simple formula to ensure that you're eating enough daily to gain weight and build muscle maximally. -The three most important factors of muscle growth that, if implemented correctly, will pack slabs of muscle onto your scrawny frame. -Why it's not your genetics or your metabolism that are keeping you skinny, and how being naturally thin may actually put you at a slight advantage when it comes to building muscle mass. -11 sneaky diet hacks that'll help you eat more food without force-feeding yourself nauseating protein shakes and chalky health bars. -The three mechanisms of muscle growth that, when programmed strategically, become a virtuous cycle of strength and muscle growth. -The Big 6 exercises responsible for 95% of your muscle growth and how to perform them for maximum results. -A simple, done-for-you nutrition system designed to have you packing on pounds of muscle without ever succumbing to the dreaded "weight gain plateau." -An easy-to-follow, proven training system created specifically for naturally skinny beginners who want to pack on the most muscle in the least amount of time. -And a whole lot more! The bottom line is that you, no matter how skinny you are, can bulk up and achieve a physique that commands respect when you walk in a room. Just imagine... in a few short months your clothes will fit you more tightly around your chest and arms, your friends and family won't believe their eyes, other guys will stare with envy, and you'll never go unnoticed again. Buy this book today to start your journey towards transforming your body and your life!

Never miss a day again! Physically strong. Mentally tough. Sexually powerful. Disease resistant. Energized. Reliable. This is how a man defines good health. And the knowledge to achieve it all is in your hands right now. The Male Body: An Owner's Manual is the first book ever to offer all the tools and methods a man needs to live longer, stronger, healthier and wiser. The writers and editors of Men's Health Books consulted with more than 350 top experts to put together the most comprehensive guide possible for taking control of a man's health and well-being. Inside you'll find: * A complete weight-training guide for fitness and health * Proven methods for beating stress, fatigue and mental burnout * Exercises, foods and lifestyle techniques for keeping every single body part healthy and injury-free * Frank advice on improving your sexual performance * The medical tests every man must have done, and when * Simple ways to drastically reduce your chances of cancer or heart disease * Surprising tricks to improve your hearing, sight, smell, sleep, even your fingertip sensitivity * The right way to shake a hand, trim a beard, clip a nail, even pick clothes for your particular body type Written in the style and tone of America's most popular men's magazine, and illustrated with more than 200 photos and drawings, The Male Body: An Owner's Manual by K. Winston Caine, Perry Garfinkel, and the Editors of Men's Health Books is an essential resource for any man who values his health and life.

Research shows that although people can lose 5 to 10 percent of their body weight on any given diet, dieting itself is a consistent predictor of future weight gain. Why? At some point, everyone stops dieting. The Lean Muscle Diet solves the sustainability problem while offering immediate results. It's simple: act as if you already have the body you want. If a reader is, say, a 220-pound man who wants to become a muscular 180-pounder, he then uses The Lean Muscle Diet's formula to eat and train to sustain a 180-pound body. The transformation begins immediately, and the results last for life. Lou Schuler, who has sold more than one million copies of his fitness books worldwide, and Alan Aragon, nutrition advisor to Men's Health, have created an eating and "metabolically expensive" exercise plan designed to melt fat while building muscle. The best part? The plan allows readers to eat their favorite foods, no matter how decadent. With full support from Men's Health, The Lean Muscle Diet delivers a simple--and simply sustainable--body transformation plan anyone can use.

Written with the same sensitivity, insight, humour and compassion that marked the record-breaking self-help guide I'm OK, You're OK, leading psychiatrists and pioneers of the revolutionary psychological Transactional Analysis approach, Amy and Tom Harris, reveal how you can stay that way and get the most out of every day of your life.

If you want to be muscular, lean, and strong as quickly as possible without steroids, good genetics, or wasting ridiculous amounts of time in the gym and money on supplements...then you want to read this book. Here's the deal: Getting into awesome shape isn't nearly as complicated as the fitness industry wants you to believe. You don't need to spend hundreds of dollars per month on the worthless supplements that steroid freaks sell in advertisements. You don't need to constantly change up your exercise routines to "confuse" your muscles. I'm pretty sure muscles lack cognitive abilities, but this approach is a good way to just confuse you instead. You don't need to burn through buckets of protein powder every month, stuffing down enough protein each day to feed a third world village. You don't need to toil away in the gym for a couple of hours per day, doing tons of sets, supersets, drop sets, giant sets, etc. (As a matter of fact, this is a great way to stunt gains and get nowhere.) You don't need to grind out hours and hours of boring cardio to shed ugly belly fat and love handles and get a shredded six-pack. (How many flabby treadmills have you come across over the years?) You don't need to completely abstain from "cheat" foods while getting down to single-digit body fat percentages. If you plan cheat meals correctly, you can actually speed your metabolism up and accelerate fat loss. In this book you're going to learn something most guys will never know: The exact formula of exercise and eating that makes putting on 10 to 15 pounds of quality lean mass a breeze...and it only takes 8-12 weeks. This book reveals secrets like... The 6 biggest myths and mistakes of building muscle that stunt 99% of guys' muscle gains. (These BS lies are pushed by all the big magazines and even by many trainers.) How to get a lean, cut physique that you love (and that girls drool over) by spending no more than 5 percent of your time each day. The 4 laws of muscle growth that, when applied, turn your body into an anabolic, muscle-building machine. You'll be shocked at how easy it really is to get big once you know what you're doing... How to develop a lightning-fast metabolism that burns up fat quickly and leaves you feeling full of energy all day long. The carefully-selected exercises that deliver MAXIMUM results for your efforts, helping you build a big, full chest, a wide, tapered back, and bulging biceps. A no-BS guide to supplements that will save you hundreds if not THOUSANDS of dollars each year that you would've wasted on products that are nothing more than bunk science and marketing hype. How to get shredded while still indulging in the "cheat" foods that you love every week like pasta, pizza, and ice cream. And a whole lot more! The bottom line is you CAN achieve that "Hollywood hunk" body without having your life revolve around it--no long hours in the gym, no starving yourself, no grueling cardio that turns your stomach. Imagine, just 12 weeks from now, being constantly complimented on how you look and asked what the heck you're doing to make such startling gains. Imagine enjoying the added benefits of high energy levels, no aches and pains, better spirits, and knowing that you're getting healthier every day. **SPECIAL BONUS FOR READERS!** With this book you'll also get a free 75-page bonus report from the author called "The Year One Challenge." In this bonus report, you'll learn exactly how to train, eat, and supplement to make maximum gains in your first year of training. By applying what you learn in the book and in this report, you can make more progress in one year than most guys make in three, four, or even five (seriously!). Scroll up, click the "Buy" button now, and begin your journey to a bigger, leaner, and stronger you!

This is the ultimate guide for understanding the most common health dilemma that affected millions of people — joint problems. Many people are suffering from aches, pain, and creaky joints every time they walked up the stairs, or bend down to tie their shoes. Even though joint pain is a common problem that is likely to happen to people as they age...That doesn't mean this problem is absolutely non-preventable. Or at least, you can slow down the rate of the ligaments' tear & wear. Here is what you will discover in this guide: 3 things you don't want to happen when you don't take care of your joints How to know if your joints are damaged. Symptoms of the 5 common joint problems you must know The ONE thing you can do to prevent joint damage & improve joint strengths 4 specific joint exercises you can do to strengthen your joints 3 key things to keep in mind when performing joint exercises The TWO most important nutrients for joint health One of the best food to eat when you have inflammation 6 types of food (and drinks) to avoid when you have joint problems How your body weight affects your joints (and what to do about it) How to do a simple 'standing' posture exercise that will reduce the stress on your knees, legs, and back 9 simple home remedies to relieve joint aches 7 must-have supplements backed by scientific research for optimum joint health One common mistake thing most people ignored that 'secretly' degrades their joint health without them knowing! 4 treatments to relieve excruciating joint aches!

A follow up to the author's earlier book, *Bigger Leaner Stronger*.

A resource for "skinny" men looking to add mass and muscle offers a progressive workout program that emphasizes optimized workouts and an action-based perspective on nutrition, as well as vital information on understanding and preventing injury. Original. 30,000 first printing.

No matter how stuck you feel, no matter how bad you think your genetics are, and no matter how many "advanced" diets and workout programs you've tried and abandoned you absolutely, positively can shatter muscle and strength plateaus, set new personal records, and build your best body ever. And better yet, you can do it without following restrictive or exotic diets, putting in long hours at the gym, or doing crushing workouts that leave you aching from tip to tail. This book shows you how. Here are just a few of the things you'll discover in it: · How to almost instantly optimize your environment so you need less willpower to stay on track with your diet, training, supplementation, and wellness routines. · The nitty-gritty details about how to use advanced diet strategies like mini-cuts, intermittent fasting, and calorie cycling to immediately boost muscle growth and fat loss. · The little-known and unorthodox methods of determining how big and strong you can get with your genetics, according to the hard work of two highly respected fitness researchers. · A paint-by-numbers training system that'll get you unstuck and steadily gaining muscle again in all the right places . . . spending only 4 to 6 hours in the gym every week doing challenging and fun workouts you actually enjoy. · The ancient secret of anatomy discovered by Leonardo da Vinci that gives you a simple blueprint for developing the exact proportions that literally make you look like a Greek god—a big, full chest; wide, tapered back; thick, powerful legs; and strong, bulging arms. · A no-BS guide to "sophisticated" supplements that'll show you what works and what doesn't, saving you hundreds if not thousands of dollars each year on exotic pills, powders, and potions. · And a whole lot more! The bottom line is you CAN gain real muscle and strength again, look forward to your workouts again, and feel like your fitness is finally under control again.

Ditch the fads, ditch the fat and get lean for life - let Max, Lloyd, James and Tom show you how. This book is not a quick fix - it's a new way of life. *Leaner, Fitter, Stronger* is about how to make a fit and healthy lifestyle work hard for you; how to have a career, see your friends, go out, have a family, drink, eat burgers and get in the best shape of your life (and stay that way!). With Max, Lloyd, James and Tom as your guides you'll never feel tied down by a regime, like you can't accept a drinks invitation or like you have to force down that poached chicken fillet that you'd rather swap for fries. Featuring: - Over 60 easy-to-do recipes from PB & J French Toast and cookie dough protein bars to hearty salads, stir fries and roast chicken with a twist - Breakfasts, lunches, dinners, snacks and on-the-go, the sweet stuff and 4-ingredient heroes - Workouts for every body: Tabata circuits, home workouts, buddy training, gym how-to's and stretches Plus advice to keep you motivated, life hacks for fitting fitness into your life (and not the other way around!) and a host of myth-busting. These guys know their stuff; let them be your go-to-experts to getting leaner, fitter and stronger for good. About the authors: The Exton Twins and Bridger Brothers founded LDNM in 2013. If you want to know how to build muscle and burn fat by eating delicious vegetarian and vegan meals that are easy to cook and easy on your wallet, then you want to read this book.

With each stride; each repetition, With each run into the wind and rain, Each set to fatigue that seems unwinnable, with each strange look from comfortable passengers in a car, I continue to fight. Each rep, each stretch, each gate means one step closer. Each stride and pull makes my enemies shrink in fear and my allies feel more secure. This isn't lifting, working out, or jogging. This is a battle. No, this is war. And I forgot to bring my white flag. *Bodybuilding motivation* is a collection of inspiring stories, tips and tricks to help you maximize performance in the gym, and the best way to manage your most important asset: Your mind. Huge improvements and unbelievable performance are unlocked by best managing your mindset before, during, and after your workout. Because in the gym everything else goes out the window...it doesn't matter how much money you have, your history, what waits outside those gym doors...in these hallowed halls if only for a few hours we get to be gods. There are no more barriers, restriction, no limitations...our objectives are as close as our will to achieve them. Because men and women are separated in the "real world" by class, income, and reputation...but once your underneath the iron all that goes out the window and the real person comes out. *Bodybuilding motivation* topics include diet and nutrition, workout strategies, and goal setting. This is not a how to book, but instead an instruction manual for best utilizing mental preparation strategies in order to succeed both in and out of the gym. Readers new to the work out lifestyle will benefit from this book, as well as seasoned veterans looking for a competitive edge. Readers can choose to use this as a guide just for vastly improving their workouts, or use it as a guide for success in other areas of life. Topics such as meditation and positive self talk are explored, but the work is far from flighty or new age. They are real world tools for best maximizing your performance whether you are a weekend warrior or a competitive athlete.

With *Men's Health Your Body Is Your Barbell*, a reader will have no excuse not to get into the best shape of his or her life—simply, easily, and in just 6 weeks in the convenience of his or her own home. Metabolic training expert BJ Gaddour, CSCS, whom *Men's Health* magazine calls one of the 100 fittest men of all time, has created a remarkably efficient and effective body-transforming workout and nutrition program based on just a handful of simple moves, the *Bodyweight Eight*. These no-equipment-required exercises are all one needs to build a strikingly symmetrical, perfectly proportioned, and classically beautiful physique, just like BJ's. Once readers master each legendary fitness feat with perfect form, they will use BJ's scalable, step-by-step progressions to go from ground zero to superhero. From these exercise variations, readers can construct hundreds of personalized workouts. Dozens of sample routines are already demonstrated through big, bold how-to photographs within the book and organized by goal, duration, intensity, and targeted body zone. This is the only book a man or woman needs to achieve the body he or she has always wanted anywhere—and without gear.

Men's Health Huge in a Hurry will add inches to your muscles and increase your strength, with noticeable results quickly, no matter how long you've been lifting. Author Chad Waterbury offers the most current neuromuscular science to debunk the fitness myths and conventional wisdom that may be wreaking havoc on your workouts and inhibiting your gains. Forget lifting moderate weights slowly for lots and lots of sets and reps. The best way

to get huge in a hurry is to use heavy weights and lift them quickly for fewer repetitions. Waterbury's groundbreaking programs will enable you to: - Add Mass and size. Gain as much as 16 pounds of muscle in 16 weeks--and add 1 full inch of upper arm circumference in half that time! - Get stronger...fast! Even seasoned lifters can realize a 5 percent increase in strength in the first few weeks. And in 12 weeks, you can boost your overall strength by up to 38 percent. - Build power and stamina. Increase your one-rep max in your core lifts by as much as 30 percent. - Shed fat fast. Burn off up to 10 pounds of body fat, losing up to 2 pounds of fat per week. With Men's Health Huge in a Hurry, you'll not only get bigger faster, you'll do it with less time wasted in the gym and with less post workout pain and a much lower injury risk.

Did you know that it's within our capabilities to bend steel with our very-own hands?! And what if I told you it's as easy as 10 minutes of training a day? Yep! Hey there; I'm Vince Kowalski and I believe all of us were meant to be superheroes! Yes, this title teaches readers how to build the strength and resilience of a superhero... the strength you were born to use. But these skills have been scattered far and wide, historically speaking; held closely secret, and/or communicated in a piece-meal fashion that has left most of us frustrated, and far from reaching our true strength potential and true viability. This book teaches the reader about the old, secret, strongman exercises, the ones you need in order to build a body with super-human abilities. And once you understand the concept of how it all works, you can start to build a body without limits. And we'll also take a big look at some of the great heroes in history, they'll definitely inspire you to do more, and to be the best version of you that you can possibly be! It's time to go and find your cape. Are you ready? Great... let's go!

The Official Workout Journal for the Thinner Leaner Stronger Program Is this a workout book that can give you a lean and toned "Hollywood babe

body" in 30 days flat? No. Is it a bodybuilding book full of dubious diet and exercise "hacks" and "shortcuts" for gaining lean muscle and melting belly fat faster than a sneeze in a cyclone? Absolutely not. But is it an exercise book that'll show you exactly how to eat and train to lose up to 35 pounds of fat (or more) and gain eye-catching amounts of muscle definition and strength? Yes. And faster than you probably think possible, or your money back. The Year One Challenge for Women is a workout journal companion to the bestselling fitness book for women, Thinner Leaner Stronger. This workout book contains a full year's worth of Thinner Leaner Stronger workouts for getting lean, sexy curves and muscle definition in all of the right places on your body . . . in only 3-to-5 hours of resistance training per week. This workout journal also provides you with a comprehensive Thinner Leaner Stronger "cheatsheet" that lists and demonstrates all exercises in the program, and explains how to choose the right routine for you, how to progress in your workouts, how to make exercise substitutions, and more. It's backed by a "No Return Necessary" money-back guarantee, too, that works like this: if you're unsatisfied with this workout journal or program for any reason, let the author know, and you'll get a full refund on the spot. So, imagine . . . just 12 weeks from now . . . looking at the changes in your physique and thinking, "I did that. That's awesome. I'm awesome." And believing it. The bottom line is you can get that beautiful "beach-ready" body without doing exhausting strength training workouts you hate. And this exercise book shows you how. Get your copy now, and start your journey to a fitter, leaner, and stronger you.

Train Like a Superhero "I recommend this book to all personal trainers, training geeks, and people who just want to learn about different training methods and philosophies." —JC Santana, author of Functional Training #1 New Release in Weight Training Body and Brain Training Designed to Unlock Your Amazing Hidden Potential Inactive and stressful lifestyles. Many of us have forgotten how to move correctly. We live with muscular imbalances, constant pain, and low energy. Adam Sinicki is on a mission to change this. He is best known for his YouTube channel "The Bioneer", where he provides expertise on functional training, brain training, productivity, flow states, and more. Become better than just functional. Currently popular functional training is exercise as rehabilitation. It aims to restore normal, healthy strength and mobility using compound and multi-faceted movements. In Functional Training and Beyond, Adam reveals how we can become "better than just functional." We can improve not only our physical performance but also our mental state. We can train so that we move better, think more clearly, feel energetic, and even live more efficiently. An entirely new way to train. Up until now working out has been defined as having one of two goals—get bigger or get leaner. But why are those the only goals? What if there was a third, practical, healthy and exciting way to train our body as well as our mind? Functional Training and Beyond shows us how we can train our brains just like our bodies, and how to incorporate this into a comprehensive, well-rounded program. In Functional Training and Beyond:

- Enjoy the unique benefits of new ways to train your body and your mind
- Learn how to train for greater mobility, less pain, improved mood, and increased energy
- Explore the fun of training with kettlebells, calisthenics, clubbells, street workouts, animal moves, handstands, rope climbs, isometrics, and more

Fans of books such as Overcoming Gravity, You Are Your Own Gym, The World's Fittest Book, New Functional Training for Sports, or Calisthenics for Beginners will discover a new and better way to train both their bodies and minds in Functional Training and Beyond.
