Everyone knows how addictive a BlackBerry can be—they don't call them "crackberries" for nothing! Well, you haven't seen anything until you try the brand new BlackBerry Pearl. This brand new phone has it all, and it's small, smart, and stylish too. Not only does it have all the features you expect from a BlackBerry (Phone, Email and Text Messaging, Instant Messaging, Organizer, Browser) but it has some great new "Wow" features including a camera, media player, and BlackBerry Maps. In The BlackBerry Pearl Pocket Guide, trusted gadget teacher and best-selling author Bart G. Farkas reveals the secrets to using this amazing new phone: learn how to take cool pictures and share them with your colleagues, view Web pages, import songs, manage your appointments, communicate with email, text and instant messaging, retrieve maps and detailed driving directions, and even import video. This handy pocket-sized guide also walks readers through the fun lifestyle functions, from playing a new Sudoku game every day to charting your diet and exercise patterns. In this low-priced guide, you'll find compac-

t-yet-detailed coverage of everything the BlackBerry Pearl can do, as well as all the necessary information on "why" you should use it to be more productive.

PCMag.com is a leading authority on technology, delivering Labs-based, independent reviews of the latest products and services. Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology.

Today, it is almost impossible to do business without a cell phone and a BlackBerry or PDA. These devices are the lifeline for companies large and small—and nobody knows this better than a hacker. Traditionally, security for mobile devices has held a low priority. Now, a certified ethical hacker explains in this book why this must change and how to change it. Packed with sobering examples of actual attacks, this unique resource shows you how to mount your counterattack.

She has written more than 30 books, including *How to Do Everything: Netbook*, *How to Do Everything with Windows Vista Media Center*, and others.

*American Studies* has long been a home for adventurous students seeking to understand the culture and politics of the United States. Despite being taught in universities around the world, *American Studies* has resisted developing a coherent methodology for fear of losing the flexibility and freedom to imagine new avenues of

thought. But what if these fears are misplaced? Through a fresh look at the origins of the field, this book contends that a shared set of "rules" can offer a springboard to creativity. *American Studies: A User's Guide* offers readers a critical introduction to the history and methods of the field, useful strategies for interpretation, curation, analysis, and theory, and case studies of *American Studies* in practice.

From the author of the bestselling *Becoming a Graphic Designer* and the editor of *Adobe Think Tank* comes this clear overview of the field of digital design This complete guide to the evolving digital design disciplines opens the door to today's most sought-after job opportunities in Web, video, broadcast, game, and animation design. Featuring over 45 interviews with leading digital designers and more than 225 illustrations, the book covers everything from education and training, design specialties, and work settings to preparing an effective portfolio and finding a job. This is an ideal starting point for anyone considering a career in the digital design world. Steven Heller (New York, NY) is the co-chair of the MFA Designer As Author program and co-founder of the MFA in Design Criticism program at the School of Visual Arts, New York. He is the author or editor of over 100 books on design and popular culture, including *Becoming a Graphic Designer* (0-471-71506-9). David Womack (New York, NY) writes about trends in design and technology for numerous publications and consults on digital strategy for leading organizations. He is the editor of *Adobe Think Tank*.
