"A gleefully apocalyptic page-turner . . ." --Kirkus Reviews Meet Chloe and Elizabeth Yetti: antisocial, semi-homicidal eighteen-year-old twins casually surviving the AI apocalypse. Ten years ago, a powerful machine intelligence unleashed a nanoengineered superdrug on humanity. Civilization is now a collection of mindless addicts confined to automated treatment centers that tower over drone-dominated cityscapes. Having escaped and grown up in the forests of Northern California alongside their younger brother and brilliant scientist/survivalist mother, Clo and El stayed safe while society collapsed around them. But when a

mysterious stranger and a demonic woodland creature appear and threaten their family, the twins are drawn back to a disintegrating, drug-addled San Francisco. There, biomechanical gods and monsters vie for control of what's left of humanity's consciousness. Armed with only a knife, an old hunting rifle, and their secret, cryptophasic twin language, Clo and El realize that surviving the apocalypse was just the beginning--now they've got to face it head-on. The first book in the Babylon Twins trilogy, this epic adventure takes readers on a journey filled with sci-fi spectacle and darkly humorous twists and turns, not to mention some good old-fashioned butt-kicking. The second book in the series will be coming out in 2022.

From the author of *The Miracle & Tragedy of the Dionne Quintuplets* and *The Borden Murders* comes the absorbing and compulsively readable story of Violet and Daisy Hilton, conjoined twins who were the sensation of the US sideshow circuits in the 1920s and 1930s. On February 5, 1908, Kate Skinner, a 21-year-old unmarried barmaid in Brighton, England, gave birth to twin girls. They each had ten fingers and ten toes, but were joined back to back at the base of the spine. Freaks, monsters--that's what they were called. Mary Hilton, Kate's employer and midwife, adopted Violet and Daisy and promptly began displaying the babies as "Brighton's United Twins." Exhibitions at street fairs, carnivals, and wax museums across England and Scotland followed. At 8 years old, the girls came to the United States, eventually becoming the stars of sideshow, vaudeville, and burlesque circuits in the 1920s and 1930s. In a story loaded with questions about identity and exploitation, Sarah Miller delivers a completely compelling, empathetic portrait of two sisters whose bonds were so sacred that nothing — not even death— would compel Violet and Daisy to break them.

Now available in a gorgeous new package, Sarah Crossan's exquisite multi award-winning novel explores the unbreakable bond and love between sisters. Here we are. And we are living. Isn't that amazing? How we manage to be here at all. Grace and Tippi don't like being stared at and sneered at, but they're used to it. They're conjoined twins - united in blood and bone. What they want is to be looked at in turn, like they truly are two people. They want real friends. And what about love? But a heart-wrenching decision lies ahead for Tippi and Grace. One that could change their lives more than they ever asked for ... This moving and beautifully crafted novel about identity, sisterhood and love ultimately asks one question: what does it mean to want and have a soulmate?

TWINS: Book 14: *Envy...* In this exciting addition to the 'Twins' series, Casey and Ali face more unexpected problems as Ali competes for Liam's attention. Neither of the girls ever anticipated the rift that develops or the envy that follows. For Ali, in particular, this is an emotion she is unfamiliar with. While Madison continues to cause havoc, the other girls attempt to ignore her but this proves to be very difficult especially when her annoying behavior leads to frightful circumstances that affect everyone at the camp. This is another great addition to the series and includes even more drama and suspense, a great book for girls 9-12 and beyond.

How to have twins is the story of how I PLANNED to conceive twins naturally. I dreamed about having identical twin girls ever since I was 16. 21 years ago my dream became reality. At the age of 33, I gave birth to identical twin girls and I PLANNED to have them. Twins do not run in my family but I did everything I possibly could to increase my chances of having twin girls and it worked! Each time I tell my story to people how I planned to have twins, they are totally shocked and amazed. You will absolutely love reading this book if you are interested in twins. In this book, I tell my story how I did it. What I did eat, what I didn't eat, which supplements I took, when I had sex, how often and in what positions. I also reveal what clothes my husband wore, what my husband was not allowed to do and what my husband did do. I expose everything I did to conceive twins. I've written this book with 3 goals in mind: 1) To help my own twin daughters having twins, if they still want twins when they are ready for children. 2) To help people, who would like to conceive twins, like myself, to have twins. 3) An "ode" to my two daughters to tell them how much they mean to me. I hope I will help couples who would like to have twins to make it a reality, just like I did. Good luck! Gale Glenbury
