Mathematics-I for the paper BSC-103 of the latest AICTE syllabus has been written for the first semester engineering students of Indian universities. Paper BSC-103 is common to all streams of engineering except CS&E. Keeping in mind that the students are at the threshold of a completely new domain, the book has been planned with utmost care in the exposition of concepts, choice of illustrative examples, and also in sequencing of topics. The language is simple, yet accurate. A large number of worked-out problems have been included to familiarize the students with the techniques to solving them, and to instill confidence. Authors' long experience of teaching various grades of students has helped in laying proper emphasis on various techniques of solving difficult problems.

Every college gives it's students everything they ask for, handful of memories, bunch of good friends, countable number of achievements, encouragement from teachers, passionate goals wrapped in golden future. What a student can give back to his/her college in return? Except the Footprints of him/her for upcoming batches showing the glory of the Institute. A bookmark of his/her achievements under the shade and guidance received in name of the institution. "A Throwback Moment" Is one such contribution in behalf of every individual who have had a reason to thank our "Shri Vishnu Educational Society", to render our respect and gratitude in a small token of appreciation and a give back to every smallest inspiration we've got so far. " We, family members of sves pray for it's future endeavor and excellence".

SGN. The MBA Entrance Previous Years' Papers Ebook-PDF Covers Objective Questions From Various Previous Years' Papers With Answers Based On Memory.

Suitable for a student taking a course in Electronics for the first time, this title explains 'what electronics is', 'what are its applica-

tions in our day-to-day life', 'what components are used in electronic circuits', 'Future trends in electronics', and more.

Synopsis When the person who has made us believe in the definition of love is lost or leaves us, It's natural to feel lovelorn and be torn Some of us face betrayal, for some of us it was seperation, no matter what the reason might be, we can no longer imagine love without that person. Love ceases to exist, it's left adrift. This book will take you through a journey which will make you believe love was never lost. You always had it in your heart and there's always a second chance, even if today when all seems grey you must see the light on some time of the day!

- Target SBI Bank PO Exam 20 Practice Sets Workbook (English Edition) is the 8th edition written exclusively for the New pattern Exam being conducted by SBI for recruitment in PO in the SBI.
- The book provides 20 Practice Sets - 5 Preliminary Exam Tests + 15 Main Exam Tests (10 in the book and 5 as Online Tests) & 10 Descriptive Tests with explanations - designed exactly on the new pattern of the latest SBI Bank PO Exam.
- The Preliminary Test contains all the 3 sections - Reasoning Ability, Numerical Ability and English Language - as per the latest pattern.
- The Mains Test contains all the 4 variety of tests - Reasoning and Computer Knowledge, Data Analysis & Interpretation, General/ Banking/ Economy Awareness and English Language - as per the latest pattern.
- The Descriptive Tests contains Essay Writing, Letter Writing and Paragraph Writing as per the latest pattern suggested by SBI.
- The solution to each type of Test is provided.
- The General Awareness section in the Main Test of each Practice Set contains questions from General Awareness, Current Affairs, Banking and Economic Awareness .
- The book also provides past solved papers of 2015-18 Prelim & Main SBI PO Exam.
- This book will really help the students in developing the required Speed and Strike Rate, which will increase their final score in the exam.

"Engineering Mathematics - II" has been written strictly according to the revised syllabus (R18) 2018 - 19 of the First year (Second Semester) B. Tech students of JNTU, Hyderabad. It covers differential equations, linear differential equations, multiple integrations, vector differentiation and integration lucidly and tend to enclose Previous Question Paper issues at suitable places and conjointly Previous GATE Questions at the end of every chapter for the benefit of the students.

Engineering Mathematics

"Engineering Mathematics - I [Calculus and Differential Equations]" has been written strictly according to the revised syllabus (R20) of the First year (First Semester) B. Tech students of Jawaharlal Nehru Technological University, Kakinada. Topics are explained in a streamlined manner with minimal error precision as the primary goal of this book is to make students understand the concepts with minimum effort. About the Book: Manufacturing process has become important in the industrial environment to produce products for the service of mankind. The basic need is to provide theoretical and practical knowledge of manufacturing processes to all the engineering students. This book covers most of the syllabus of manufacturing processes for engineering classes prescribed by UPTU. At the end of each chapter, a number of questions have been provided for testing the students understanding about the concept of the subject. The whole text has been organized in 10 chapters. The first chapter presents the br.

This book reflects on the significance of duties in creating an egalitarian society by collating and contextualizing the relevant literature. It particularly focuses on an appreciation of Gandhi's views on duty to showcase how they remain pertinent to create a cohesive, responsible and value-based society in the present right-dominated world. A viable solution to the current real world problems could be found in exploring the philosophy on duties and the book provides relevant literature in this regard. It undertakes jurisprudential analysis of duty in a rights-dominated world, identifying the gaps in realising the potential of duty to address the critical issues of the present times. It argues that enforcement of rights depends heavily on the observance of duties and proposes coherence in right-duty relationship. Gandhian thought on duty recognises duty as a precursor to rights and emphasises that the observance of duties guarantees the enforcement of rights. The relevance of duties and Gandhian thoughts on the same is not restricted to India but transcends borders with profound appeal. Gandhian thoughts have become even more relevant in the current times to examine the situation of COVID-19 pandemic, racial discrimination (BLM), environmental crises, digital divide, health care and medical care crises, refugee and migrant labour problems and it can offer promising solutions based on the nuances of social solidarity, self realisation of duties/responsibilities, local governance, compassion and humanity.
