## QD4KYF - JACK BRAUN

---

Want to be part of the largest group-writing project in human history? Learn how to contribute to Wikipedia, the user-generated online reference for the 21st century. Considered more popular than eBay, Microsoft.com, and Amazon.com, Wikipedia servers respond to approximately 30,000 requests per second, or about 2.5 billion per day. It's become the first point of reference for people the world over who need a fact fast. If you want to jump on board and add to the content, Wikipedia: The Missing Manual is your first-class ticket. Wikipedia has more than 9 million entries in 250 languages, over 2 million articles in the English lan-

guage alone. Each one is written and edited by an ever-changing cast of volunteer editors. You can be one of them. With the tips in this book, you'll quickly learn how to get more out of -- and put more into -- this valuable online resource. Wikipedia: The Missing Manual gives you practical advice on creating articles and collaborating with fellow editors, improving existing articles, and working with the Wikipedia community to review new articles, mediate disputes, and maintain the site. Up to the challenge? This one-of-a-kind book includes: Basic editing techniques, including the right and wrong ways to edit Pinpoint advice about which types of articles do and do not belong on Wikipedia Ways to learn from other editors

and communicate with them via the site's talk pages Tricks for using templates and timesaving automated editing tools Recommended procedures for fighting spam and vandalism Guidance on adding citations, links, and images to your articles Wikipedia depends on people just like you to help the site grow and maintain the highest quality. With Wikipedia: The Missing Manual, you get all the tools you need to be part of the crew.

DigiCat Publishing presents to you this special edition of "A Manual of Philippine Birds" by Richard C. McGregor. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new mod-

ern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

is going to be better, and science and technology are the driving forces that will help make it better.

Includes Part 1, Number 1: Books and Pamphlets, Including Serials and Contributions to Periodicals (January - June)

In April 1976, Dan Connell slipped into Eritrea's besieged capital, Asmara, where he witnessed the assassination of a top-ranking Ethiopian official and its bloody aftermath—the summary execution of dozens of innocent civilians. His front-page account in The Washington Post broke Ethiopia's long-standing information blockade. Connell went on to write about the radical social transformation underway in guerrilla-held areas, the near defeat of Ethiopia's American-backed army, the.

Manual of Nursing Procedures and Practice will guide nurses in a variety of settings to provide expertise and efficient patient care. It will also be an iconic resource in coaching and mentoring the novice and practicing nurses to build their competence and confidence.
