If you find any broken links or .pdf documents or past papers on missing subjects. Please Report them to us using the contact form

Mathematics teaching at Cambridge is world-class, but what does the Faculty do to help students find their feet in the world of industry? It enables them to experience it first-hand through the Cambridge Mathematics Placements programme.

First, Mathematics cannot be taken jointly with any other course (no joint honours degrees) - it is a course for those wishing to specialise in Mathematics. There is no possibility of taking papers from other subjects, except in the first year when you can choose to take the Physics paper from the Natural Sciences Tripos in place of 25% of the Mathematics course.
