CHAPTER 7 Planning Assessments in Academic Programs Some valuable ideas you'll find in this chapter. The best place to assess program learning goals is in a capstone requirement. Grades alone may not tell us much about student learning, but the grading process can yield a wealth of valuable information.

Chapter 7 • Assessing Student Learning⁶¹ Rather than tests as guessing games, in which students try to read the teacher's mind, classroom assessments should provide students the opportunity to show what they have learned. There should be no surprises, particularly when students take the work seriously and exert their best effort.
