China Economic Growth:
Cause, Pros, Cons, Future
China's Economy: What
Everyone Needs to Know

is a concise introduction
to the most astonishing
economic and political
story of the last three
decades. Arthur Kroeber
enhances our
understanding of China's
changes and their
implications. Among the
essential questions he
answers are: How did...

China's Economy: What
Everyone Needs to
Know® is a concise
introduction to the most
astonishing economic
growth story of the last
three decades. In the
1980s China was an
impoverished backwater,
struggling to escape the
political turmoil and
economic
mismanagement of the
Mao era. Today it is the
world's second-biggest
economy, the largest
manufacturing and
trading nation, the

consumer of half the
world's steel and coal, the
biggest source of
international tourists, and
one of the most ...

To boost growth, China
needs more innovative
companies. These only
come from
entrepreneurship. State-
owned companies make
up 25% to 30% of total
industrial output, down
from 78% in 1978. 11 12
But China must do even
better. China's leaders
realize they must reform
the economy.

China's Economy: What
Everyone Needs to
Know® is a concise intro-
duction to the most aston-
ishing economic growth
story of the last three de-
cades. In the 1980s China
was an impoverished back-
water, struggling to es-
cape the political turmoil
and economic mismanage-
ment of the Mao era.
