### 1VAR35 - CASSANDRA PAGE

Chomsky, N. (1959). A review of B. F. Skinner's "verbal behavior". *Language*, 35 (1), 26-58. Frost, L., & Bondy, A. (2006). A common language: Using B.F. Skinner's verbal behavior for assessment and treatment of communication disabilities in SLP-ABA. *Journal of Speech-Language Pathology and Applied Behavior Analysis*, 1 (2), 103-110.

#### Behaviorism (B. F. Skinner): References

##### Noam Chomsky

I had intended this review not specifically as a criticism of Skinner's speculations regarding language, but rather as a more general critique of behaviorist (I would now prefer to say "empiricist") speculation as to the nature of higher mental processes. My reason for discussing Skinner's book in such detail was that it was the most careful and thoroughgoing presentation of such speculations ...

Chomsky's review of it appeared in 1959. By the criterion of seminal influence in generating controversy and stimulating publication, both must be counted major successes, although the reputation and influence of the review are more widely acknowledged. It has been reprinted at least

In 1959 Chomsky published a review of B. F. Skinner's 1957 book *Verbal Behavior* in the academic journal *Language*, in which he argued against Skinner's view of language as learned behavior. The review argued that Skinner ignored the role of human creativity in linguistics and helped to establish Chomsky as an intellectual.

In 1959 Chomsky wrote a critical review of B. F. Skinner's book *Verbal Behavior* (1957), in which he pointed out that humans are constantly producing and understanding new utterances, a process that cannot be explained by behavioristic theories. These developments in psychology and linguistics eventually filtered into foreign language classrooms.

#### An Underdiscussed Aspect of Chomsky (1959)

The history of the writing of *Verbal Behavior* (Skinner, 1957), Chomsky's review (1959), and MacCorquodale's rebuttal (1970) are briefly summarized. Chomsky's recent reflections on his review are analyzed: Chomsky's refusal to acknowledge the review's errors or its aggressive tone is consistent with his polemical style but comes at a minor cost in consistency and plausibility.
