Citing References In A Paper

Answer: If you have come across a reference from one paper (A) that has been cited in another paper (B), then A is the primary source while B is the secondary source. In such cases, you must first read the original paper or primary source (A) and ensure that the context of the citation has been correctly presented in B.

Cite This For Me: Harvard, APA, MLA Reference Generator

A secondary source is a reference that quotes or paraphrases ideas and information from another source. In the text of your paper, you should mention the original source in the sentence, followed by a parenthetical citation with the secondary source's information.

Dissertations, thesis, and all kinds of academic papers will need to be cited using ci-

tation styles, such as APA, MLA, or Chicago. Citing academic papers properly are done to counteract plagiarism. These citing formats are used to recognize related literary pieces and to mention references used.
