Acclaimed music writer Robert Hilburn's "epic" and "definitive" (Rolling Stone) biography of music icon Paul Simon, written with Simon's full participation—but without his editorial control—that "reminds us how titanic this musician is" (The Washington Post). For more than fifty years, Paul Simon has spoken to us in songs about alienation, doubt, resilience, and empathy in ways that have established him as one of the most beloved artists in American pop music history. Songs like "The Sound of Silence," "Bridge Over Troubled Water," "Still Crazy After All These Years," and "Graceland" have moved beyond the sales charts and into our cultural consciousness. But Simon is a deeply private person who has said he will not write an autobiography or talk to biographers. Finally, however, he has opened up for Robert Hilburn—for more than one hundred hours of interviews—in this "brilliant and entertaining portrait of Simon that will likely be the definitive biography" (Publishers Weekly, starred review). Over the course of three years, Hilburn conducted in-depth interviews with scores of Paul Simon's friends, family, colleagues, and others—including ex-wives Carrie Fisher and Peggy Harper, who spoke for the first time—and even penetrated the inner circle of Simon's long-reclusive muse, Kathy Chitty. The result is a deeply human account of the challenges and sacrifices of a life in music at the highest level. In the process, Hilburn documents Simon's search for artistry and his constant struggle to protect that artistry against distractions—fame, marriage, divorce, drugs, record company interference, rejection, and insecurity—that have derailed so many great pop figures. "As engaging as a lively American tune" (People), Paul Simon is a "straight-shooting tour de force...that does thorough justice to this American prophet and pop star" (USA TODAY, four out of four stars). "Read it if you like Simon; read it if you want to discover how talent unfolds itself" (Stephen King).

Paul Simon's groovy anthem to New York City provides a joyful basis for this live-for-the-day picture book. "Slow down, you move too fast You got to make the mornin' last Just kicking down the cobblestones Lookin' for fun and feelin' groovy..." The 59th Street Bridge Song is a lively picture book based on legendary songwriter Paul Simon's classic hit, created when he was one half of the

folk rock duo Simon & Garfunkel. The song first appeared on their 1966 album Parsley, Sage, Rosemary and Thyme. In the US, the album peaked at #4 on Billboard's weekly Top 200 albums chart, and eventually went on to sell over three million copies in the US. With song lyrics by Simon and illustrations by Keith Henry Brown, this picture book follows a rabbit cycling through town, going about his day, and pausing to admire the "groovy" and lovable aspects of his surroundings. The 59th Street Bridge Song provides parents a perfect vehicle to teach kids an appreciation of life's little gifts.

"Poetic musings on a life well-lived—one that is still moving forward, always creating, always luminous. This isn't your typical autobiography. Garfunkel's history is told in flowing prose, bounding from present to past, far from a linear rags-to-riches story." —Bookreporter "It's hard to imagine any single word that would accurately describe this book . . . an entertaining volume that's more fun to read than a conventional memoir might have been." —The Wall Street Journal "A charming book of prose and poetry printed in a digitalized version of his handwriting . . . witty, candid, and wildly imaginative . . . A highly intelligent man trying to make sense of his extraordinary life." —Associated Press From the golden-haired, curly-headed half of Simon & Garfunkel, a memoir (of sorts)—moving, lyrical impressions, interspersed throughout a narrative, punctuated by poetry, musings, lists of resonant books loved and admired, revealing a life and the making of a musician, that show us, as well, the evolution of a man, a portrait of a life-long friendship and of a collaboration that became the most successful singing duo in the roiling age that embraced, and was defined by, their pathfinding folk-rock music. In *What Is It All but Luminous*, Art Garfunkel writes about growing up in the 1940s and '50s (son of a traveling salesman, listening as his father played Enrico Caruso records), a middle-class Jewish boy, living in a redbrick semi-attached house on Jewel Avenue in Kew Gardens, Queens. He writes of meeting Paul Simon, the kid who made Art laugh (they met at their graduation play, *Alice in Wonderland*; Paul was the White Rabbit; Art, the Cheshire Cat). Of their being twelve at the birth of rock'n'roll ("it was rhythm and blues. It was black. I was captured and so was Paul"), of a demo of their song, *Hey Schoolgirl* for seven dollars and the actual record (with Paul's father on bass) going to #40 on the charts. He writes about their becoming Simon & Garfunkel, ruling the pop charts from the age of sixteen, about not being a natural performer but more a thinker, an underground man. He writes of the hit songs; touring; about being an actor working with directors Mike Nichols ("the greatest of them all"), about choosing music over a PhD in mathematics. And he writes about his long-unfolding split with Paul, and how and why it evolved, and after; learning to perform on his own . . . and about being a husband, a father and much more.

A collection of 24 great Paul Simon songs, arranged for easy piano with lyrics and chord symbols. Includes: *The Boxer*, *El Condor Pasa*, and *You Can Call Me Al*.

(Piano/Vocal/Guitar Artist Songbook). 10 of his greatest, including: *Hard To Say* \* *Heart Hotels* \* *Leader Of The Band* \* *Longer* \* *Run For the Roses* \* *Same Old Lang Syne* \* and more.

Simon and Garfunkel were one of the greatest acts of the sixties, whose output formed an almost unbroken series of bestselling hits. With Paul Simon's brilliant songs and Art Garfunkel's voice, the duo produced the flawless and awe-inspiring harmony that thrilled a generation. This in-depth biography follows their careers from their childhood in Queens and their early days as 'Tom and Gerry', which produced the hit single 'Hey Schoolgirl', to their role in the evolving folk scene in the sixties.

Victoria Kingston traces Paul Simon's famous tour of one night stands in the north of England, talking to the people who hired him for [pound]10 a night and finding fresh insights into this important period of his life. Fame came unexpectedly for the duo, catapulting them unprepared from relative obscurity to chart-topping success. While they went on to produce such classic songs as 'The Boxer', 'The Sound of Silence' and 'Bridge Over Troubled Water', the pressure of stardom ironically hastened the end of their partnership and almost ruined their friendship. Victoria Kingston analyses the characters of the two men, showing how they initially complemented each other but how, in the end, Paul Simon was unable to work in tandem with Art.

Alec is a Jewish tailor working in the sweatshops of 1930s Whitechapel. He is part of an immigrant community which fills the streets around Brick Lane with colour and vitality. Yet he is weary of the stifling poverty and his Jewish bosses exploiting his labour. Rejecting the pull of Zionism, Alec instead chooses a unity that crosses racial and religious boundaries, finding his salvation in socialist politics and the arms of a gentile. Jew Boy captures the magic of a multi-layered Cockney culture and the common goals that linked the masses before the war.

"[A] combination of history and meaning behind favorite playground games and the verses . . . virtually guaranteed to make you laugh and sing" (Fiona Shoop, author of *How to Deal in Antiques*). This delightful book records favorite childhood games and recalls forgotten rhymes. With more children suffering from obesity, Susan Brewer looks at the social games we used to play from skipping to chase games that used up our energy during recess. Instead of costly computer games, we used rhyming games, played Jacks, and showed our balancing skills during competitive games of hopscotch. A charming book, full of anecdotes and nostalgia for how we remember our favorite place at school—the playground.

To have been alive during the last sixty years is to have lived with the music of Paul Simon. The boy from Queens scored his first hit record in 1957, just months after Elvis Presley ignited the rock era. As the songwriting half of Simon & Garfunkel, his work helped define the youth movement of the '60s. On his own in the '70s, Simon made radio-dominating hits. He kicked off the '80s by reuniting with Garfunkel to perform for half a million New Yorkers in Central Park. Five years later, Simon's album "Graceland" sold millions and spurred an international political controversy. And it doesn't stop there. The grandchild of Jewish immigrants from Hungary, the nearly 75-year-old singer-songwriter has not only sold more than 100 million records, won 15 Grammy awards and been installed into the Rock 'n' Roll Hall of Fame twice, but has also animated the meaning?and flexibility?of personal and cultural identity in a rapidly shrinking world. Simon has also lived one of the most vibrant lives of modern times; a story replete with tales of Carrie Fisher, Leonard Bernstein, Bob Dylan, Woody Allen, Shelley Duvall, Nelson Mandela, the Grateful Dead, drugs, depression, marriage, divorce, and more. A life story with the scope and power of an epic novel, Carlin's *Homeward Bound* is the first major biography of one of the most influential popular artists in American history.

First published in 1982, this book has been revised and updated. It charts the rise of Fairport Convention from its early days, to world-wide recognition and success.
