Collecting, Ordering, Governing "is a book that demands, instantiates, and rewards a sustained rethinking of the history of anthropology, collecting, museums, and liberal governance. Not only is its multiple authorship an innovation, but the book and its combinations push the reader to think in new, sometimes uncomfortable ways.

"Collecting, Ordering, Governing is a book that demands, instantiates, and rewards a sustained rethinking of the history of anthropology, collecting, museums, and liberal governance. Not only is its multiple authorship an innovation, but the book and its combinations push the reader to think in new, sometimes uncomfortable ways.

We bring these two sets of questions together to examine the connections between museums and anthropology associated with the articulation of a new set of relations between the practices of collecting, ordering, and governing that characterized the development of anthropological fieldwork in the closing decades of the nineteenth century and the first half of the twentieth century

Collecting, Ordering, Governing is essential reading for scholars and students of anthropology, museum studies, cultural studies, and indigenous studies as well as museum and heritage professionals. **GENRE**

With case studies ranging from the Musée de l'Homme's 1930s

fieldwork missions in French Indo-China to the influence of Franz Boas's culture concept on the development of American museums, the authors illuminate recent debates about postwar forms of multicultural governance, cultural conceptions of difference, and postcolonial policy and practice in museums. Collecting, Ordering, Governing is essential reading for scholars and students of anthropology, museum studies, cultural studies, and ...

Collecting, Ordering, Governing deals with anthropology, museums and colonial government in the period between the 1880s-1890s and the 1930s-1940s. The object of inquiry is the connection between the activities named in the title and sites of collection, calculation and governmental agencies.

COLLECTING, ORDERING, GOVERNING. We begin with four museum displays that exemplify the connections we want to explore between how the processes of collecting in "the field" were organized, how the texts and materials brought back from such sites of collection were ordered at the centers of calculation where they were gathered together, and how these collecting and ordering practices were shaped by, and helped to shape, practices of governing.
