Teaching Argumentative Writing Writing is a process involving close reading, brainstorming, developing an argument, formulating a coherent structure, and drafting and revising. The information below helps you focus on teaching each part of the writing process to your students.

After you have read the material in the Guide to College Writing I & II, your instructor will ask you to sign the bottom of this page. Your signature indicates that you have read, understood, and agree to the information presented in the Guide. Course number: _____ Section number: _____

College Writing Guide The writing required in college courses may be different than anything you've encountered before. English classes taken in middle school, and sometimes in the early years of high school, provide the basics, but

many students lose these skills before they begin college.

College Composition Teachers' Guide

The TCRWP is happy to share many free resources for teachers, coaches and administrators. We have provided videos that provide an orientation to the Units of Study series for reading and writing as well as videos that show students and teachers at work in classrooms.

The skills covered in the 82-page College Writing Guide are unusual. Half will be familiar to most teachers, the other half not. There's a set of writing behaviors that produces vivid and interesting prose; that's what we focus on. The skills are learned in a unique sequence that starts with the easy but ends with the quite complex.
