What Is A Community Need Assessment - UK Essays

A community needs assessment is a vital pro-

cess in the planning and promotion of health strategies and care in the community, and this process includes analysing and identifying key health problems in the community . A needs assessment also determines the target group in which the purpose of the health strategy is aimed at.

- Example: We continued a standing legacy of providing health promotion within the local community of Norfolk Virginia through the ForKids homeless shelter organization. As part of our group's strategy, I assisted with the initial contact at the Haven House location and conducted a survey of the location to assist the group with assessment ...
