Comprehensive Review Of Psychiatry

This review is by far better than most if not all of the other ones: the question-and-answer format is exactly like the real boards, which is very helpful for 'test-taking' skills. It has a good balance of Psychiatry and Neurology. The questions are very well written, and are available on a website.

Presented in a comprehensive question-and-answer format, Comprehensive Review of Psychiatry is a must-have for both aspiring and practicing psychiatrists preparing to take the PRITE, the American Board of Psychiatry and Neurology written exam, and various recertification exams.
