With warmth, lucidity and good humour, Pagnol, a boy from the city, recounts the glorious summer days he spent exploring the sun-baked Provençal countryside. He vividly captures the atmosphere of a childhood filled with the simple pleasures: a meal, a joke, an outing shared with his close-knit and loving family. These heart-warming stories remind us of how children can invest the

smallest event or statement with incredible significance, how mysterious the workings of the adult world can seem to them and how painful the learning process can often prove. However, Pagnol's writing is filled with enormous optimism and delight. And his triumph in these classic memoirs is to have created that rare thing, a work suffused with joy. 'Pagnol's place in the history of French culture is secure. The Prousts and Sartres may be admired, but Pagnol is loved' Times Literary Supplement

As the 2022 French Presidential election looms, two candidates emerge as favourites: Marine Le Pen of the Front National, and the charismatic Muhammed Ben Abbes of the growing Muslim Fraternity. Forming a controversial alliance with the political left to block the Front National's alarming ascendancy, Ben Abbes sweeps to power, and overnight the country is transformed. This proves to be the death knell of French secularism, as Islamic law comes into force: women are veiled, polygamy is encouraged and, for our narrator François - misanthropic, middle-aged and

alienated – life is set on a new course. Submission is a devastating satire, comic and melancholy by turns, and a profound meditation on faith and meaning in Western society.

Who uses Triphasic Training: Everyone! From elite level athletes to absolute beginners, the triphasic method of training allows for maximal performance gains in minimal time.

'A love letter to the finest language ever created. ... Gardini explains lucidly, compellingly and passionately how and why Latin is so elegant, beautiful, expressive and succinct.' Susan Hill, Spectator 'Enthral, illuminates, and convinces. Nobody could possibly

describe Latin as a dead or useless language after reading it.' David Crystal Virgil gave us the Aeneid, and Ovid the Metamorphoses; Lucretius analysed the material world and Caesar interrogated how we view reality through the lens of reason - but what does Latin offer us today? Often seen as the bulky relic of school curricula long forgotten, Latin seems to have lost its punch in the popular conscious. Oxford academic Nicola Gardini, however, argues the case for its lasting importance, offering a personal and passionate defence of the beauty and future of the language. From these ancient writers, we can learn about such vital aspects of life as love, purpose, eloquence, beauty and loss. These lessons from the past can illuminate our present, and Gardini encourages us to dig to the roots of our own language to consider how Latin has influenced the ways in which we communicate, think and live today. A formidable mix of history, memoir and criticism, this is a beautiful love letter to one language that ultimately celebrates the vital power of all literature.
