Go beyond managerial accounting theory to the techniques used in management today. *Managerial Accounting: Making Decisions and Motivating Performance* enables managers and business owners to attain the core skills they need to become integral members of their company's decision-making teams. This new program from established authors Srikant M. Datar and Madhav Rajan emphasizes decision-making and the effects of decisions. While many texts teach the theories and frameworks of management education, *Managerial Accounting* goes further by covering the capabilities and techniques necessary for effective management practice, as well as fostering attitudes that typify integrity, honesty, and fairness. 0132816245 / 9780132816243 *Managerial Accounting: Making Decisions and Motivating Performance Plus NEW MyAccountingLab with Pearson eText -- Access Card Package* Package consists of: 0132829444 / 9780132829441 *NEW MyAccountingLab with Pearson eText -- Access Card -- for Managerial Accounting: Making Decisions and Motivating Performance*, 1/e 0137024878 / 9780137024872 *Managerial Accounting: Making Decisions and Motivating Performance*, 1/e

This book is a novel treatment of *Operations Management*. It takes a fresh insight to this increasingly important topic, exploring fundamental principles equally applicable to service and manufacturing situations. The book adapts a strategic stance by providing

a framework for effective decision making and is aimed at practising managers who need to design working processes, manage change and make decisions within a strategic framework. The framework and supporting case vignettes allow the practitioner to grasp essential concepts quickly in a range of different operational contexts. "Bamford and Forrester have done an excellent job in creating a concise, salient, and appealing approach - they have captured the essential elements of designing processes, products and work organizations; exploring approaches to operations planning and control; managing change through effective project management and technology transfer; and then managing quality and improvement strategies". —Professor Rob Handfield, Professor of Supply Chain Management, North Carolina State University, USA "This is an excellent concise text that introduces students to all of the key areas - it's an invaluable aid for students in understanding all of the major aspects of operations and their importance to the success of businesses". —Professor Steve Brown, Professor of Management, University of Exeter Business School, University of Exeter, UK "For today's or tomorrow's business leaders this text has well structured invaluable content ready for immediate adoption. Follow the guide, put it into practice, and the rewards will follow". —Mr Vernon Barker, Managing Director, First TransPennine Express, First Group Plc, UK "This book combines technical theory 'book smarts' with real life experience 'street smarts' in a flowing read". —Mr Stephen Oliver, Vice President Marketing & Sales, Vicor Corporation, Boston, USA

For *Principle of Accounting Courses (Sole Proprietorship)*. The trusted choice for "I Get It!" moments! With its tried-and-true framework and respected author team, Horngrén/Harrison/Oliver's *Accounting*—when combined with MyAccountingLab—is the trusted choice for instructors and students of *Principles of Accounting*. The ninth edition preserves the classic, solid foundation of the previous editions, while also including a modern and fresh teaching approach that helps students understand the complexities of accounting, giving them more "I Get It!" moments.

The authors give the most comprehensive, authoritative and compelling account yet of the troubled state of business education today and go well beyond this to provide a blueprint for the future.
