After a family friend bought one of his drawings for 20p, six-year-old Jack came up with the idea to 'draw anything' in return for donations to the hospital that treats his two-year-old brother. His parents set up a website and thought they might make £100. After two weeks, Jack had over 500 picture requests and had raised over £10,000 for the Sick Kids Friends Foun-

dation. Parents Ed and Rose with Jack, Toby and Noah appeared on the Fern Britton Show and Jack's project was featured on Russell Howard's Good News four times. Coverage by STV news, BBC news, and CBBC Newsround have all helped spread the word about this creative and generous little boy. Jack is slowly but steadily drawing the requested pictures which range from a 'dinosaur diving into a pool of jelly' (#1) to 'my (extremely bald) friend Brian dancing like a crazy man' (#80). He doesn't draw every day, only when he wants to, and his parents estimate that he'll finish at the end of August. For the latest drawings, or to make a donation yourself, visit [jackdrawsanything.com](http://jackdrawsanything.com).

WINNER OF THE 2020 RBC TAYLOR PRIZE • "Readers might well wonder if Jonathan Swift at his edgiest has been at work."—RBC Taylor Prize Jury Citation • "A remarkable biography of an even more remarkable 17th-century individual ... Beautifully written and endlessly thought-provoking."—Macleans's *Murderer. Salesman. Pirate. Adventurer. Cannibal.* Co-founder of the Hudson's Bay Company. Known to some as the first European to explore the upper Mississippi, and widely as the namesake of ships and hotel chains, Pierre-Esprit Radisson is perhaps best described, writes Mark Bourrie, as "an eager hustler with no known scruples." Kidnapped by Mohawk warriors at the age of fifteen, Radisson assimilated and was adopted by a powerful family, only to escape to New York City after less than a year. After being recaptured, he defected from a raiding party to the Dutch and crossed the Atlantic to Holland—thus beginning a lifetime of seized opportunities and frustrated ambitions. A guest among First Nations communities, French fur traders, and royal courts; witness to London's Great Plague and Great Fire; and unwitting

agent of the Jesuits' corporate espionage, Radisson double-crossed the English, French, Dutch, and his adoptive Mohawk family alike, found himself marooned by pirates in Spain, and lived through shipwreck on the reefs of Venezuela. His most lasting venture as an Arctic fur trader led to the founding of the Hudson's Bay Company, which operates today, 350 years later, as North America's oldest corporation. Sourced from Radisson's journals, which are the best first-hand accounts of 17th century Canada, Bush Runner tells the extraordinary true story of this protean 17th-century figure, a man more trading partner than colonizer, a peddler of goods and not worldview—and with it offers a fresh perspective on the world in which he lived.

This new sixth edition of Bradt's Georgia, the only dedicated guide to the country, has been thoroughly updated throughout to include all the most recent developments, ranging from greatly expanded coverage of Batumi, Adjara and Svaneti to the addition of new maps for Tbilisi, Mestia and Telavi. Tourism is booming in Georgia: the number of guesthouses has

mushroomed, Tbilisi airport has just opened a second terminal and a new terminal and rail link are under construction at Kutaisi airport. New low-cost flights are now available and visa-free travel is the norm for most. With Bradt's Georgia discover both the old and the new. The capital, Tbilisi, has seen huge changes in the past decade with some conspicuous new projects such as the Peace Bridge, the Opera House and the Presidential Palace, as well as excellent new restaurants and bars. Much of the country can be reached in day-trips from the luxury hotels of Tbilisi and Batumi, and the remotest areas such as Svaneti and the Pankisi Valley can also now be visited. In addition, Mestia, the capital of Svaneti, now has an airport and two ski resorts. Also new for this edition is expanded information on Tusheti and the Trans Caucasian Trail, a volunteer-led project to create two long-distance hiking routes, east-west and north-south, linking the Black Sea with the Caspian, the Greater Caucasus with the Lower Caucasus and Georgia with Armenia and Azerbaijan. The Georgian wine industry is covered, with particular emphasis on na-

tural qvevri wines, and so too are skiing, rugby, the World Heritage sites of Mtskheta and Gelati, Georgian food, 5th-century churches, cave cities, and Georgian polyphonic singing. Bradt's unique guide to Georgia is the ideal companion for all travellers, from serious hikers to wine buffs, high-end culture lovers to backpackers of all ages.

This new, thoroughly updated third edition of Bradt's Sierra Leone remains the only English-language guide dedicated to this unique West African destination, one of only three countries where the über-elusive pygmy hippo can be found and where coastal mountains and sheltered beaches are the stuff of daydreams and postcards. With Bradt's Sierra Leone you can explore the infamous diamond mines and rain-forest-covered mountains; go in search of pygmy hippos or relax on the country's beaches and islands. Offering significantly more coverage than any other guide, it is an ideal companion for tourists, volunteers and international workers alike, and also covers newly declared eco-tourist sites as well as the trans-boundary 'peace park' of Gola Forest Natio-

nal Park, shared with neighbouring Liberia. This new edition also covers Freetown's new beach music festival, as well as details of everything from where to visit rescued chimpanzees to touring the traditional wooden-board homes of the Krio people, descendants of repatriated slaves from the Americas and Europe. Sierra Leone continues to be one of the best beach destinations in West Africa, and also one of the region's best trekking destinations, given the varied topography and the presence of Mount Bintumani, West Africa's highest peak. The country has seen a heartening recovery since emerging from civil war a decade ago and the Bradt guide is the first to take stock of the country's post-Ebola travel situation. Sierra Leone is proudly back on the tourism map for the adventurous, beach-loving, jungle-exploring, mountain-scaling and curious of heart traveller.

Oman is not merely a desert. While it has the classic sand seas - Wahiba Sands - home to the nomadic Bedouin and their camels, this sultanate also boasts lush monsoon-soaked valleys near Salalah, mountain villages surrounded by green ter-

raced fields of fruit trees and rose bushes, and the reef-fringed Daymaniyat Islands. With such a varied wilderness there is huge scope for adventure. Tourism has developed over the last few years and there is an increased emphasis on high-end visitors, with new luxury spas in hotels like The Chedi, The Wave, and the Four Seasons in Muscat, and the new Marriott in Salalah. Large international cruise ships now call for a night or two at Muttrah/Muscat harbour and at Salalah in the south. Eco-awareness is on the rise, with many bigger hotels using waste water for garden irrigation and eco-luxe tents are growing in popularity for desert and mountain adventure tours. The first boutique hotels are opening for small-scale tourism to the uninhabited historic villages, particularly in the mountains, where the high altitude gives cooler climates and greener landscapes with village terracing for agriculture. Oman is increasingly perceived as a high-end cultural destination. The new Opera House has opened, directly supported by the Sultan, with top-notch international performers like Placido Domingo. New sections in this edition in-

clude advice on property buying, since Omani law changed to allow expatriates to buy, explaining the rules and regulations. There is also a detailed overview of language schools teaching Arabic, not found in other guides. With advice on cultural etiquette, basic Arabic phrases and political history - as well as full practical information on where to stay and eat, and what to see and do - this fully updated edition remains the essential guide for travellers looking to discover the real Oman.

Bradt's is the most up-to-date and informative guide to Oman, the Arabian peninsula's most welcoming destination, fully revised and updated by an author who has been living in Oman and Arabia since 1986. Oman is finally reaping the economic benefit of its location between Europe, Africa and Asia with substantial investment in major shipping ports and significant expansion of the national airline with new routes to Western Europe and East Asia. Despite being at the crossroads of great trade routes and empires, Oman has remained an independent country through much of its long history, and today tourism and travel are a major focus for Oman's government. This new edition covers the recent substantial investment in new airport facilities and upmarket accommodation and also features the historic UNESCO towns of Samharam and Al Balid. The objective of this textbook is to teach students to be conversational in speaking "numbers." This means understanding fundamental accounting concepts, developing solid financial analysis abilities, and then applying them to understand and improve the operational performance of their hotel or restaurant. The book will accomplish this by studying the current practices of some of today's leading hotel and restaurant companies. Chapters will be developed under the aus-

pices of a select group of hospitality industry General Managers, Directors of Finance, and Regional Accounting Managers to ensure that the information is current, accurate and useful. Understanding and applying the information will be the main focus of this book. This textbook should provide hospitality managers the knowledge and experience to be comfortable in using numbers to operate their departments. This includes developing the ability to perform all accounting and financial aspects of their position efficiently and correctly including revenue forecasting, wage scheduling, budgeting, P&L critiques, purchasing procedures and cost control methods. As a result, they will have more time to spend on the floor with their customers and employees. This knowledge will help them understand their operations and how to improve, change or expand them to increase revenues or profits.

Airports, hotels, bars, and restaurants all present opportunities for hospitality to touch the life of a stranger. In our increasingly data-driven world, we've created systems to quantify, digitize, and calculate how to get the most out of these moments of interaction, but is data really the only way

to know if we're truly being of service? Smart hoteliers and restaurateurs understand the power of personal interactions, and as the drive to digital speeds up, the ability to craft a meaningful human interaction will be a big differentiator in the market battle for guest satisfaction and retention. Using examples from over thirty years of international travel and experience in the hospitality industry, Kirsten and Paul Moxness explore key elements of creating personal experiences for guests, including: - Making genuine gratitude a natural and contagious habit - Respecting upgrades and freebies, and handling necessary downgrades - Encouraging supportive teams and empowering each employee to provide exceptional experiences - Taking a compassionate and proactive approach to safety and crisis management and resolving problems Digital cannot replace human interaction, and hospitality is all about making memorable moments of personal experience. Spin the Bottle Service is here to show you that making the most of the touchpoints beyond digital can be as easy as a twist of the wrist.

All Indians take their food very seriously. Usually the mothers begin to teach their daughters and pass down family recipes by showing and telling fairly young in life. With its exotic aromas and complex flavours, Indian cuisine is one of the world's best. The story of foreign influences on Indian food is as interesting and intriguing as the Indian food itself. Indians have absorbed the foods from all over the world throughout the history, which gave

rise to one of the most rich and sophisticated culinary traditions in the world. Most of the Indian spices used in Indian cooking were chosen originally for their medicinal qualities rather than for flavours; for example, turmeric, cloves, and cardamom are very antiseptic; cinnamon is helpful in controlling cholesterol; ginger is effective against cold and flu and the list goes on. To me, this book presents a wide selection of starters-salads, curries, and rice dishes-without using any artificial food ingredients that are quick to prepare and easy to make. If you like to try something a little more unusual for your special occasions, this book is suitable for you. And all recipes have been explained in a simple-to-follow manner. Enjoy the art and science of cooking!

This new title from Bradt tells the inspiring and emotional story of Ishbel Holmes, also known as

'World Bike Girl', a Scottish-Iranian woman who became a champion racing cyclist in spite of having been abandoned by her family, and who set off on the adventure of a lifetime despite her lack of experience, money or equipment. Ishbel Holmes was determined to cycle the world but her journey took a completely unexpected turn when, despite her initial instincts not to, she rescued a street dog in Turkey. Ishbel was lost and alone when she started on her epic trip, but in Lucy found a companionship never previously known. Between the two there formed a deep bond and their relationship was followed and supported by thousands of readers online, before becoming a media sensation overnight when Ishbel put out a plea for help to transport Lucy to an animal shelter three hundred miles away. This heart-rending tale is about more

than just the relationship between a woman and her dog. It is a testimony to the human spirit, overcoming present-day challenges and churning up long-buried and painful memories from Ishbel's earlier life. It is also a tale of adventure, one person's determination to cross an unfamiliar country by bike and the unforgettable scenes that greet her on the Turkey-Syria border and into Syria itself. And it is a loving portrait of Lucy, the street dog that was determined not to let Ishbel go and whose dogged persistence helped to break down the barriers around her heart and in so doing change her life in ways she had never imagined. Ultimately, this is a tale of love and healing, a modern fable that touches the soul and reminds us all of the need to belong.
