Writing a critical analysis of a journal article. A critical analysis examines an article or other work to determine how effective the piece makes an argument or point. These reviews are usually applied to articles or books, but you can also analyze films, paintings, and other less traditional works. While you can examine the author's use of rhetorical appeals, your focus for a critical analysis should be on the overall ability and effectiveness of the article.

*Writing a critical analysis of a journal article*

1: Examine the article for its audience. Examine the article and its publisher for clues. Peer-reviewed academic journals are intended for scholars in that field, whereas popular titles (like Time or Newsweek) are intended for a more general audience. You may not be the primary audience for the text, and that's OK.
